82 AT TECH TO
GET DIPLOMAS

Commencement Will Be Held
In Howard Auditorium
Wednesday

RUSTON, La., Oct. 14.—(Special)—Commencement exercises for 82 Louisiana Tech seniors who are candidates for degrees this trimester will be held at 10:30 a. m. next Wednesday in Howard auditorium.

Rabbi F. K. Hirsch of the Temple B'nai Israel, Monroe, will be the principal speaker. His subject will be

Piles---Get
Relief Now

Millions of sufferers in the last 40 years have found a way to get quick relief from the itching and smarting of piles. They use a delightful cooling, soothing and astringent formula—Peterson's Ointment. No wonder one sufferer writes, "The itching and smarting were relieved, and I slept all night. Peterson's Ointment is marvelous." 35c a box, all druggists, 60c in tube with applicator. Money back if not delighted.

"Our Little World," according to President Claybrook Cottingham. A. W. Ford, chairman of the faculty committee on commencement, said that this trimester's graduation program will follow "the same general procedure as those conducted here since Tech began the trimester system" in July, 1943.

Members of the graduating class have been requested to attend a special meeting at 1 p. m. Monday, October 16, in Howard auditorium, where they will be given commencement instructions and will stage a rehearsal, Mr. Ford said.

On commencement morning, October 18, the group will assemble at 10 a. m. in the Little Theatre, and the processional will begin 30 minutes later.

Marshall E. Bretz of the Tech music faculty will play a pipe organ solo of "March of the Priests," from Mendelssohn's "Athalia" for the processional. For the recessional, he will play "March Heroique" by Saint-Saens.

Following the address by Rabbi Hirsch, Mr. Bretz will render an organ solo of Karg-Elert's "Soul of the Lake."

Degree candidates will be presented by the deans of their schools to Dr. Cottingham, who will confer the degrees and award the diplomas. He will be assisted by Mrs. Ruby B. Pearce, registrar.

The class gift, money to be used in purchasing picnic tables and benches for the college, will be presented by Mary Elizabeth Beagle, of Alexandria, president of the senior class.

Both the invocation and benediction will be asked by the Rev. Thomas M.

IN PACIFIC ZONE

Pfc. Earl R. Bennett, son of Mr. and Mrs. R. R. Bennett of Monroe entered armed service in August, 1943. He was given early training at Camp Adair, Ore. He is a graduate of O. P. J. S. and attended Northeast Junior College.

Davis, pastor of the Ruston Presbyterian Church.

Valentine's Day is believed to have grown out of an old notion that on this day birds first choose their mates.

NURSES' AID IN
NEED OF HELP

Volunteers Required To Complete Class Enrollment
Oct. 24

More women are needed to complete the enrollment of the Red Cross Volunteer Nurses Aide class starting October 24. Mrs. Travis Oliver, chairman of the Nurses Aide of the Ouachita Red Cross Chapter announces.

It is essential that the class start with a full enrollment as qualified nurses aides are needed urgently now for service in the Monroe hospitals. The war department has asked graduate nurses aides who have served 150 hours in their local chapters to serve in army hospitals throughout the country on a taping basis. You are wanted and needed if you are a housewife with a few hours to spare, if you are a home girl with no regular occupation, if you are a worker with evenings and week-ends free, if you have sons, a husband or a sweetheart in the armed forces you will better understand the need.

Here is the answer to the dilemma: "I want to do something for the war effort, but I don't know what to do." Working as a Nurses Aide at night after a long hard day in the office or factory is no ray of pleasure; yet hospitals all over the country are crying, "Send us more daytime Nurses Aides. We have lots of willing help at night."

It doesn't take long to figure out what is happening. The girls who work all day are giving unstintingly of their time to Volunteer Nurses Aide work at night. They enjoy giving up that spare time so that a registered nurse may be freed to take care of your loved ones overseas; so that a patient in an already overcrowded hospital may rest easier.

Nurses Aides will be among the moving heroes when the final peace is declared. No medals will adorn their simple blue uniforms, no honor band will be worn to the sleeves of their white nursing clothes; yet, in their hearts will be the deep, quiet satisfaction of a hard job well done, of a great humanitarian contribution toward that peace, and each will cherish a small gold service pin, a silent reminder of the part she played in World War II.

Mrs. Oliver stated that applicants for the next class would be interviewed at your local Red Cross Chapter between the hours of 1:30 and 4 p. m. daily for the week starting October 16 through Friday.

JUNE M'GOUGH MADE
CHIEF WATER TENDER

June McGough, from Spencer, La., was recently made chief water tender on the U. S. S. Cassinara. McGough served in the regular navy from November 1934 to 1938, when he was honorably discharged. In October, 1942, he reentered the navy and since has spent 22 months in sea service in the south Pacific. Commanding Officer W. E. Carlson of the U. S. S. Cassinara wrote the

following letter of recommendation for McGough on September 19, 1944:

"McGough possesses the technical qualifications for advancement but is an excellent leader. No man, either commissioned officer or enlisted, who has ever been attached to this ship has ever had a better reputation for industriousness, loyalty, reliability, sobriety, and obedience than has the subject named man."

Mrs. June McGough, the former Miss Clara Virginia Goodwin, is residing in Spencer, La. Before entering the service McGough was employed at the Louisiana Power and Light Company at Sterlington.

The expression "Oyez," used in announcing the opening of court, was introduced into England by the Normans.

Did John L. Sullivan Fight
With Stomach Ulcer Pains?

The famous heavyweight champion was noted as a voracious eater. Could he have been and fought as he did if he suffered after eating pains? Don't neglect stomach or ulcer pains. Indigestion, gas, nausea, heartburn, burning sensation, bloating and other conditions caused by excess acid. Get a 25c box of Irida Tablets from your druggist. First dose must continue or return box to us and get DOUBLE YOUR MONEY BACK.

They fought for you
now help them!

Silversteins

Fall Fashion Beauties

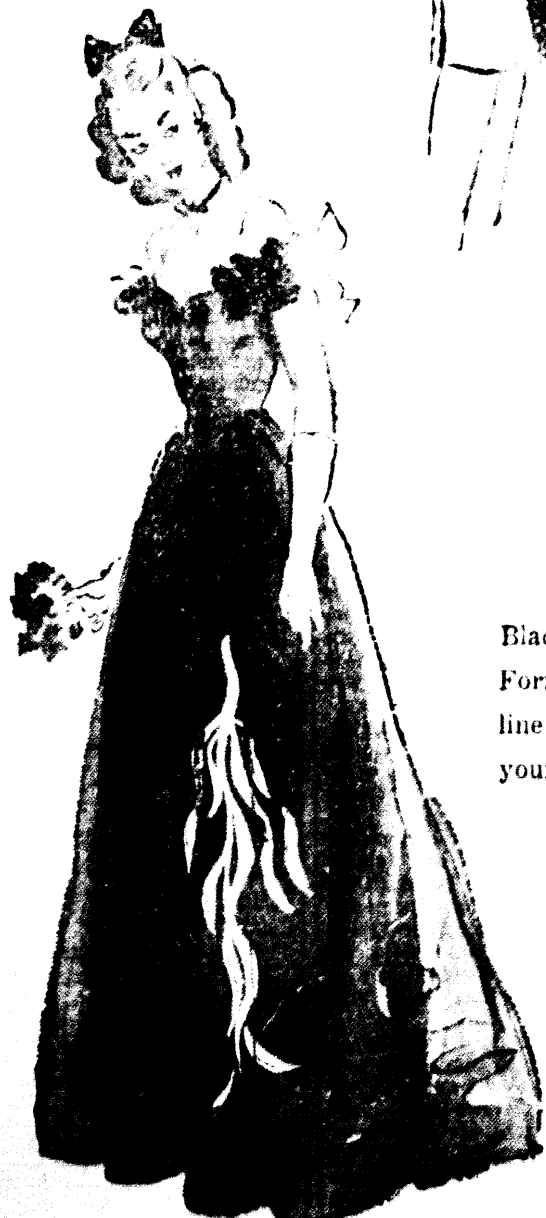

"Keynoted" at Silverstein's

Let this be our Keynote speech ... if we must have one to get your vote! And the keynote of our so-called speech is this lovely array of Fall fashions displayed. They're handsome ... they're as new in idea as a Dali brainstorm. They are themselves the type of merchandise we want you to think of in the same breath you think of the name Silverstein's ... whether it be as luxuriously extravagant as the best costume or as premeditatedly uncluttered as the more reasonably priced costume or as pin-money price-tagged ones. For quality ... for originality ... for continuity ... you'll find it at Silverstein's every time ... in war and out. And speaking of continuity ... that's the keynote of the Fall fashion picture. And our continuity doesn't stop with the merchandise ... our personnel is versed in this thing called continuity, too.

NATIONAL WAR FUND

FOR OUR OWN - FOR OUR ALLIES

Friends ... every dollar we give to our Community War Fund is an investment in happiness ... happiness for others. This War Fund is your representative of the National War Fund, and it covers dozens of different activities. For instance, home and overseas entertainments for our boys in the services, such as USO-Camp Shows. And if you've ever had a letter from one of the boys about those camp shows, you KNOW what pleasure they bring. There's a Foxhole Circuit, which covers the fighting fronts. Members of that circuit go straight to the front lines ... to bring hours of relaxation and pleasure to those heroic boys of ours. They've certainly earned it! So give every dollar you can possibly spare. It's really so little, compared to what our boys are giving! Get in touch with our local Community War Fund today, and give, give! We can't give too much.

The Campaign Lasts Until November 11

STILL ORGANIZE NIGHT CLASSES

Northeast Junior College Divides Groups When Oversized

Later afternoon and evening school classes continue to be organized at Northeast Junior College of Louisiana State University. Many of the classes which are organized in September have been closed to students. When a class enrollment becomes large it is felt to be to the interest of the students to close the registration for that class and open registration for another class. Some of the classes are small. This will make it possible for the teachers to give more individual attention to each student in his class. The following classes are closed to registration: Beginning typewriting, Business Letter Writing, Filing, Freshman English, Public Speaking, Beginning Spanish, General Chemistry, Organic Chemistry and College Algebra. A new class will be formed for each of the above courses when there is sufficient demand for the class.

The evening school at Northeast Junior College offers a variety of courses for the service men and women, citizens of Monroe and to persons in neighboring towns. Students interested in particular courses are requested to write or telephone the college and ask the college officials to list his favorite course. Many persons have registered in the following courses: Home Building and Furnishing Project, Elementary Accounting, Shorthand Review, Business Law, Business Machines, History of Western Civilization, Engineering Mathematics, Engineering Drawing, and the Twin Cities Mixed Chorus.

The Home Building and Furnishing Project is proving to be a popular course for women who plan to build or remodel their homes after the war. The course is divided into five sections as follows:

1. Planning the House: planning the house to fit your budget, determine the size of house, materials to be used, and arrangement of house on lot.
 2. How to Finance a Home: how to finance your home when building, study advantages and disadvantages of the FHA plan and how to secure loans for building and home plan.
 3. Home Furnishings: Recognition of periods in furniture, selecting the period of style of furniture for each home.
 4. The Home Decorations: Study in home of the wall decorations and decorations for Christmas, Easter, and other holidays.
 5. Kitchen and dining room: furniture, a study of glass, porcelain, and silver.
- Students are kept up to date on the latest in home furnishings, quality and essential details.
- This course is designed to help women with prospective husbands learn about home building, plans and how to finance a home. You can save a great deal of time and money by attending this course.
- The Twin Cities Mixed Chorus is a group of men and women who are interested in singing. This is an excellent opportunity for men and women to learn to sing and to perform in a chorus.

PAPER HOLIDAY IN TWIN CITIES VOTED

A paper holiday was declared in the Twin Cities for the celebration of the 100th anniversary of the Chamber of Commerce office yesterday. This act was taken at the urgent request of the War Production Board, which stated that paper was the most critical item needed today in the war.

The buying public is requested to cooperate with the War Production Board in this highly important project by accepting the paper bags there such as possible.

The War Production Board considered a test case of paper holiday idea in Peoria, Ill. recently, with surprising results. Stated G. L. Holloway, chairman of the merchant division of the Chamber of Commerce, "The success of this program in the Twin Cities will depend upon the cooperation of the buying public in accepting unwrapped merchandise. Mr. Holloway stated: 'This important effort will contribute much in winning the war.'"

Cabbage contains from ten to 15 pounds of water for each pound of dry matter.

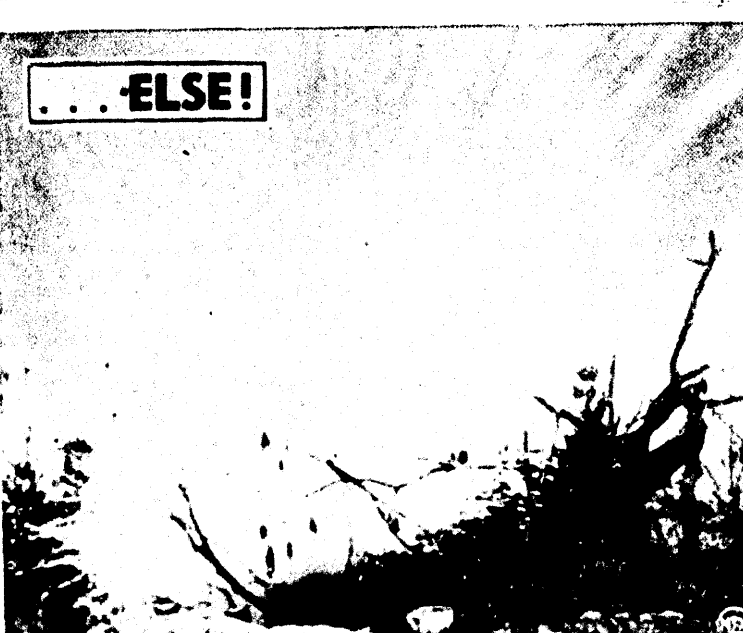

You're Not Too Old To Feel Young

There is a difference between being old and being young. It is not the number of years you have lived, but the way you live. A young man is not one who is young in years, but one who is young in spirit. A young woman is not one who is young in years, but one who is young in heart. A young man is one who is full of life and energy, who is full of hope and ambition, who is full of love and friendship. A young woman is one who is full of grace and beauty, who is full of kindness and gentleness, who is full of faith and trust.

LITTLE THINGS ARE IMPORTANT

Little things—a kind word, a sympathetic attitude, attention to minor details, thoughtfulness for the patron's feelings—give added value to funeral service. That is why Louis L. Peters personally sees to it that the little things receive the same care and attention as the more noticeable features of the service.

HEADS DURRETT STORE IN CITY

W. J. Lyon, Experienced Furniture Manager, Is Assuming Duties

The announcement of the election by the board of directors of the Durrett Hardware and Furniture Company of W. J. Lyon as president of the firm is being received with considerable interest among local business circles. Mr. Lyon will also be general manager succeeding J. G. Durrett.

In securing the services of Mr. Lyon, the board of directors feels that the company has been most fortunate in obtaining for its management the services of a man who, in addition to being an able and experienced executive, has a personality that should win him a host of friends. For the past 31 years Mr. Lyon was associated with the leading and oldest furniture store in Galveston, Texas, and during the last 25 years he was general manager and buyer for that firm and acting in that capacity he, at frequent intervals, visited the principal furniture markets in the north and east.

Mr. Lyon when interviewed stated that the high standard of quality which the public has learned to expect from the Durrett stores will be continued and if possible improved, despite wartime restrictions.

He added that, due to a policy of long range advance buying, the Durrett stores will continue to offer large and well assorted stocks of nationally known furniture and home furnishings.

Mr. Lyon assured he is delighted to make his home in such a modern and progressive city as ours, and that he feels that the Durrett stores will continue to grow and expand with Monroe's certain continued development.

For the present Mr. and Mrs. Lyon are residing at Hotel Frances until a residence can be obtained.

GRASS FIRE PUT OUT

Monroe firemen yesterday extinguished grass fires at 100 Mississippi street, 190 DeLand street and on the Long road. A flash fire at 101 South Grand street was also extinguished.

SWINE CONTEST SLATED MONDAY

Ouachita Parish 4-H Boys And Girls Will Exhibit Animals

The Sears Foundation Swine Contest will be held at the Brown Paper Mill Ball Park in West Monroe, Monday, October 16. E. A. Fulmer, assistant county agent of Ouachita parish, stated Saturday.

At 11 a. m. the Ouachita Parish 4-H Club boys and girls will exhibit their animals and the winner of this group will be selected to compete against the winner from five other parishes of this district.

Promptly at 10:30 a. m. R. M. Crown, swine and meat specialist

from the Louisiana State Extension Service, will judge the Ouachita, Lincoln, Morehouse, Union, Franklin and West Carroll parish winners and the 4-H Club boy or girl who owns the best gilt will be given the first chance to select a heifer from the six registered Jersey Heifers that were purchased by the Sears Foundation.

The club member who owns the second best gilt will be given second choice and this will be carried on down the line until all six registered Jersey heifers have been chosen by the 4-H club members.

Following the announcing of the winners, everyone will be treated to a barbecue-beef luncheon given by C. D. McAdams, manager of the Sears-Roebuck & Co. of Monroe.

After this luncheon, a short talk will be made by C. L. Johnson in charge of the Southwestern Relations Department of Sears-Roebuck & Co.

Food for undernourished civilian refugees gets high priority when the Allies liberate Nazi-held towns. Your War Fund contribution helps provide health-saving food packages for ailing children and elderly people. Give your dollars today.

ACTORS ANSWER SERVICE PAPER

Deny Shirking Jobs In China-Burma-India War Theater

HOLLYWOOD, Oct. 14.—(AP)—Film players named by a service men's newspaper as having shirked their jobs in the rough and tough China-Burma-India war theater have reacted to the charges with mild disclaimers or vehement denials.

Comedian Joe E. Brown, one of those named by the C. B. I. Roundup in arraignment of top-flight players performing in that sector, was pretty philosophical.

"I love those kids too much to criticize them," said the 53-year-old Brown. "I thought I'd covered all the places I could go, and one of the officers told me there weren't 200 men in the whole theater I had missed."

Joel McCrea, named in the roundup editorial as a husky six-footer who didn't want any part of the C. B. I. theater, said at Jackson, Miss., that he'd never been invited to the area.

"But it's not too hot, or sticky or ough there for me," he added.

Ann Sheridan, Paulette Goddard and Al Jolson were listed in the roundup as others who developed "an overpowering desire to go home" during C. B. I. tours.

In New York, the outspoken Miss Sheridan said she'd like to "fight by fashion, no holds barred, with anybody who thinks I, or any of the gang, accompanied, dogged it in the overseas theater."

She admitted she had said she wanted to do some more overseas entertaining but not in the C. B. I. theater, and added "I see that again."

She asserted her outfit had traveled 60,000 miles in less than 60 days.

Miss Goddard said "I stuck with my job until they said I was grossing from air fatigue and ordered me to bed. I did my very best, and if it wasn't good enough for the man who wrote the story, then I'm sorry."

Jolson declared "No star I've known as played camp shows abroad for publicity," as the Roundup alleged. "I never have been booked for the C. B. I. he said, but would go there whenever they want me."

If you use frozen foods, start them cooking while still frozen. Vitamin may be lost during thawing.

Boric Acid Mixture
Good For Sore Eyes

Dr. J. H. Williams, 1111 Bernard St., New Orleans, La., has a boric acid mixture for sore eyes. It is a simple, effective remedy for all types of eye irritation, including conjunctivitis, blepharitis, and dry eyes. It is safe for use in children and can be used several times a day.

FRIENDS IN NEED

(U. S. Navy Telephoto From NEA)

A little boy in tattered shoes tenderly helps his one-legged pal across a Naples street—a striking example of how war has left its mark on the young of Italy. (U. S. Navy Telephoto from NEA)

SEVERAL FROM THIS AREA ARE WOUNDED

WASHINGTON, Oct. 14.—(AP)—The War Department announced today that Lt. Col. William A. Adams of Shreveport and two New Orleans captains were among 237 United States soldiers wounded in action. Those listed from Louisiana:

Herrington, Cpl. George C. Mrs. Irene Herrington, mother, Route 1, Quimper.

Dugan, Pvt. James O. Mrs. Iva Dugan, mother, 140 East Lela street, Winfield.

Hughes, Tpr. George W. Mrs. W. H. Hughes, mother, Route 2, Bastrop.

James, Pvt. Ray, Benjamin E. James, father, Quimper.

Wentworth, Pfc. Henry B. Mrs. Anna Wentworth, mother, Quimper.

Wilson, Tpr. Paul L. Wilson, mother, Winfield.

QUITS AFTER CLUB LAMPOONS ELEANOR

BUFFALO, N. Y., Oct. 14.—(AP)—A Twentieth Century Club skit lampooning Mrs. Franklin D. Roosevelt has resulted in the resignation of Mrs. Norman E. Mack, former Democratic National Committee woman, from the club.

"The skit, entitled 'My Day' was the worst exhibition of bad taste I have seen in my entire life," Mrs. Mack said. "Regardless of political affiliations, such a cruel mean attack on the wife of the leader of our nation is intolerable. Mrs. Roosevelt has been my friend for 33 years."

Robert Sharpe, president of the club, a social organization, where Mrs. Roosevelt is credited to speak at times, said the skit was "very pleasant and not unfriendly satire. If Mrs. Roosevelt had been here, I am sure she would have enjoyed it as much as our members did."

HOLLAND TO ATTEND KANSAS CITY CONFAB

George D. Holland, secretary of the House of Commerce, left yesterday for Kansas City to attend the Third Annual Conference of the National Association of the Chamber of Commerce Executives. The theme of the conference will be "War Time Needs of the American Cities." Mr. Holland stated:

"The outstanding feature of this conference program will be an address by Earl Johnson, president of the Chamber of Commerce of the United States.

In 1947 the industry of cement making was so important in England that the production of the annual production was more than \$100,000,000."

Real Estate Transfers

Real estate transfers recorded yesterday at the office of the clerk of court of Ouachita parish were:

The Monroe Auto and Supply Company, Inc., sold to James T. French, Inc., a lot on the west line of North Third street, beginning 100 feet north of the intersection of North Third and Jefferson streets, fronting 67 feet on North Third and having a depth of 122 3/4 feet for \$14,500.

Lawrence B. McCarthy sold to C. W. Neill et al. lot 6, block 5, M. H. H. subdivision addition for \$1,500.

John B. Salley sold to the Peoples Homestead and Savings Association the east 106 1/2 feet of lot 6, square 17, T. E. Flournoy's addition to West Monroe for \$3,500, and the property in turn was deeded to Sidney R. Andes for the same consideration.

Mrs. Kathleen Grace Andrews sold to the Peoples Homestead and Savings Association a certain lot in square 19, M. H. H. subdivision addition for \$2,400, and the property in turn was deeded to A. B. Connolly for the same consideration.

John N. Carroll sold to Jesse H. Fuller et al. lot 5, block 83, D. A. Breard Sr. addition for \$1,000.

P. E. Massey sold to the Union Producing Company a lot fronting 60 feet on the south line of Glenmore avenue and having a depth of 144 1/4 feet along the east line of Seventh street for \$10,150.

Schley Freeman sold to Charlie Copeland the southwest quarter of the northwest quarter and the northwest quarter of the southwest quarter of section 21, township 18 north, range 2 east for \$79,423.

H. A. McDonald sold to the Monroe Building and Loan Association lot 9, block 16, Austin and Ely's Southern addition to West Monroe for \$3,300, and the property in turn was deeded to Mrs. Verdie Wallace for the same consideration.

Roland Siegle sold to Esrow Hanspard a certain lot in the southwest quarter of the northwest quarter of section 4, township 17 north, range 3 east for \$97,500.

The Splaine Place, Inc., sold to Mrs. Ollie B. Mayes lot 6, block 7, Splaine Place subdivision for \$350.

"good policy"

HQ CURBS WASTE PAPER BURNING

Waste Paper Need To Supplement Wood Pulp Supply Causes Ruling

A more active participation of the entire field in the waste paper salvage campaign was sought at Selman Field this week with an order from post headquarters prohibiting the burning of waste paper, other than classified material.

The urgent needs of the armed forces and the tremendous need for more waste paper to supplement the supply of woodpulp caused headquarters to reiterate its earlier plea.

The drive, it was pointed out, is more than a salvage drive. It is an attempt to get the people at this station—and throughout the country—to save that extra paper tonnage which is usually destroyed or burned.

While the initial response was encouraging, it was noted that a common practice was to mix the salvageable material with non-salvageable items. Trash, garbage, floor sweepings were not separated from the salvageable items. This set the drive back and caused headquarters this week to ask personnel to make certain the items are separated at their point of origin.

In some sections of the field were piles of salvage material with areas around the cadet classrooms showing highly encouraging results. The paper, left in front of the buildings in designated spots is picked up by the post engineer detail and hauled in trucks to the Sanitary Fill.

Particularly sought as salvageable items are paper, tin cans, glass containers, egg cases, fruit and vegetable containers, boxes and barrels, soft drink and beer bottles, grease, bones and raw meat trimmings, brass, copper, iron.

Soft drink and beer bottles are not to be placed with the salvage going to the dump. Bottles must be returned to the post exchange.

Scraps of metals must be segregated from other metals and placed in containers of piles depending on the size of the items.

A move was also started to cut unwarranted waste of power throughout various areas of the field. Investigation revealed that electric lights are left burning throughout the day in many latrine buildings particularly, and other buildings.

MEETING HONORING COLVERT PLANNED

A Colvert appreciation meeting, commemorating the departure from the Twin Cities and Northeast Louisiana of Dr. C. C. Colvert, dean of Northeast Junior College in Monroe, to assume a new position at the University of Texas, will be held in Ouachita Parish High School auditorium October 26, at 8 p. m. It was announced Saturday by George D. Holland, chairman of the committee of arrangements.

An outstanding program is being arranged for this evening. Mr. Holland stated, including numbers by outstanding musicians and choral groups of the Twin Cities. The general public is invited.

"The loss of the unexcelled leadership of Dr. C. C. Colvert to the civic, religious and educational interests of the Northeast Louisiana is a serious blow," Mr. Holland stated. "However, our loss will be the definite gain of our neighboring state of Texas."

Dr. Colvert, new position with the University of Texas, where he will be a professor in the graduate school and also superintendent over 38 junior colleges in the State of Texas is definitely a credit and of service for him," stated Mr. Holland.

"The number of friends and admirers of Dean Colvert should avail themselves of this outstanding program and pay a tribute to a good and useful man who has endeared himself in people in all walks of life in Northeast Louisiana," Mr. Holland said.

Real Estate Transfers

Real estate transfers recorded yesterday at the office of the clerk of court of Ouachita parish were:

The Monroe Auto and Supply Company, Inc., sold to James T. French, Inc., a lot on the west line of North Third street, beginning 100 feet north of the intersection of North Third and Jefferson streets, fronting 67 feet on North Third and having a depth of 122 3/4 feet for \$14,500.

Lawrence B. McCarthy sold to C. W. Neill et al. lot 6, block 5, M. H. H. subdivision addition for \$1,500.

John B. Salley sold to the Peoples Homestead and Savings Association the east 106 1/2 feet of lot 6, square 17, T. E. Flournoy's addition to West Monroe for \$3,500, and the property in turn was deeded to Sidney R. Andes for the same consideration.

Mrs. Kathleen Grace Andrews sold to the Peoples Homestead and Savings Association a certain lot in square 19, M. H. H. subdivision addition for \$2,400, and the property in turn was deeded to A. B. Connolly for the same consideration.

John N. Carroll sold to Jesse H. Fuller et al. lot 5, block 83, D. A. Breard Sr. addition for \$1,000.

P. E. Massey sold to the Union Producing Company a lot fronting 60 feet on the south line of Glenmore avenue and having a depth of 144 1/4 feet along the east line of Seventh street for \$10,150.

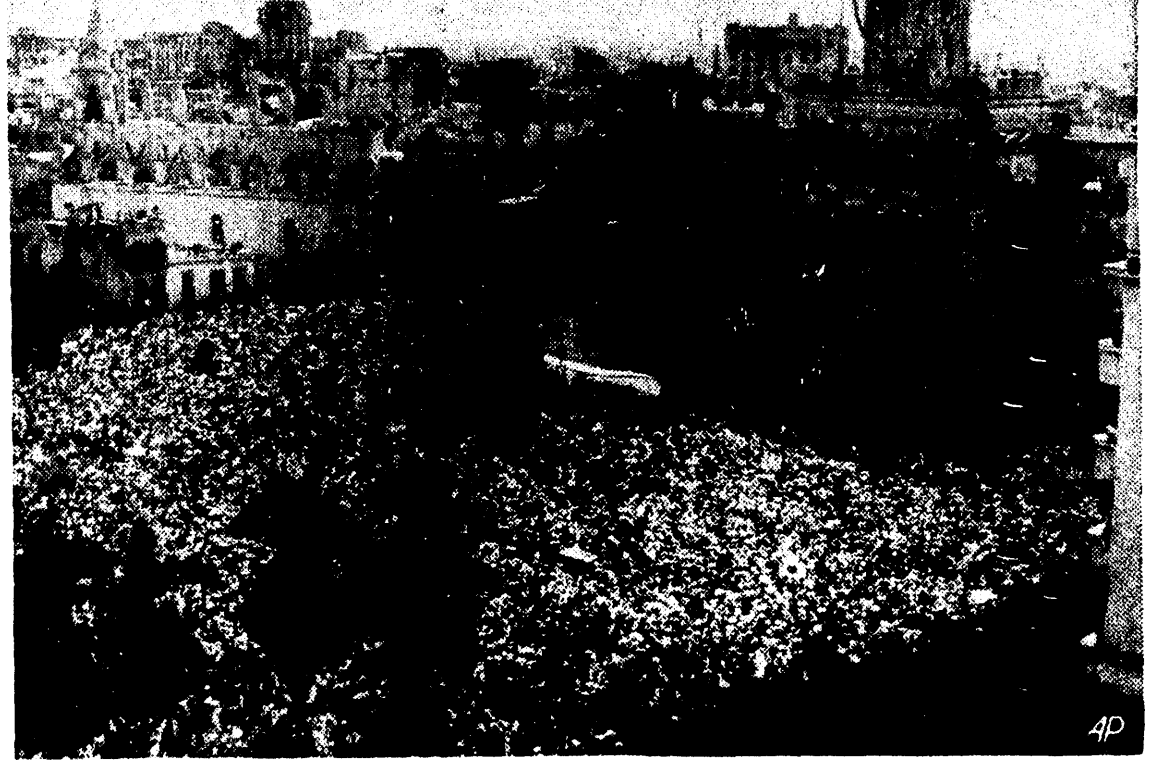

Schley Freeman sold to Charlie Copeland the southwest quarter of the northwest quarter and the northwest quarter of the southwest quarter of section 21, township 18 north, range 2 east for \$79,423.

H. A. McDonald sold to the Monroe Building and Loan Association lot 9, block 16, Austin and Ely's Southern addition to West Monroe for \$3,300, and the property in turn was deeded to Mrs. Verdie Wallace for the same consideration.

Roland Siegle sold to Esrow Hanspard a certain lot in the southwest quarter of the northwest quarter of section 4, township 17 north, range 3 east for \$97,500.

The Splaine Place, Inc., sold to Mrs. Ollie B. Mayes lot 6, block 7, Splaine Place subdivision for \$350.

35,000 SEE INAUGURATION OF CUBAN PRESIDENT

A crowd estimated at 35,000 packed the public square in front of the capitol in Havana to witness the inauguration of Dr. Ramon Grau San Martin as president of Cuba October 10. Although precautions were taken to prevent any disorder, the throng was well behaved. The new president succeeds Fulgencio Batista. (AP Wirephoto)

WOULD USE COTTON IN MAKING PAPER

WASHINGTON, Oct. 14.—(AP)—Chairman Fulmer, Democrat, South Carolina, of the House Agriculture Committee disclosed today that he was drafting legislation proposing the mixing of cotton with wood pulp for use in the manufacture of newspaper and other commercial use papers.

"This combination," Fulmer said in a statement, "would not only mean a better product but... we would be able to consume an additional 4,500,000 bales of the lowest grade of cotton and at the same time enable us to build up and properly preserve our forest resources."

He said he also is preparing legislation to make it possible for cotton ginners to acquire improved ginning machinery on reasonable terms. Under this legislation, he said, cotton baling would be used and each bale would be sampled at the gin.

Food, clothing, medical supplies and means of rehabilitation are provided for thousands of refugees in Europe from money given to the National War Fund. Give your dollar to help these helpless victims of the Nazi aggressor.

The average house wiring circuit can carry a load of only 1,550 watts.

W. M. U. TO HOLD MEET THURSDAY

Morehouse-Ouachita Association Will Assemble Here

The quarterly meeting of the Baptist Woman's Missionary Union of the Morehouse-Ouachita Association will be held at the First Baptist Church in West Monroe, Thursday, October 19 at 9:50 a. m.

The program will be as follows:

Theme: Faithfulness in Stewardship.

9:50—Hymn: Take My Life and Let It Be.

9:55—Devotional: Faithfulness Acquired 1 Cor. 4: 1-2.

10:05—Business.

10:25—Election of officers for 1945.

10:40—Executive meeting and officers' reports.

11:25—Announcements.

11:30—Special Music.

11:40—Address "Our Stewardship Today," Mrs. R. A. Everette.

12:10—Lunch.

1—Hymn, prayer.

1:05—Report of annual meeting, Mrs. D. C. Black.

1:15—Report of Committees.

1:20—Special feature of interest to all.

2:30—Musical benediction.

PFR TESTS TO BE ENDED PRIOR TO NOVEMBER 12

Between now and November 12, enlisted men of the post must make arrangements to take their PFR tests, it was announced this week by the physical training department. As in the past two test periods, an award will be given to the enlisted man having the highest PFR score. The last award was won by Pete Maxwell of Section A with a score of 90 while Sergeant Anderson of Section B was runner-up.

L. B. FAULK POST TO HAVE PARTY

Monday Night Affair To Mark
Opening Of Membership
Campaign

L. B. Faulk Post No. 13, American Legion, officially inaugurates its 1944-1945 membership campaign, when it entertains Legionnaires and guests with a spaghetti supper at the Legion Memorial Home, Monday evening, October 16 at 7:30 o'clock.

It has become the custom of the local Legion post to entertain with an annual party when starting its membership campaign and the supper has become the outstanding entertainment event with Legionnaires.

The supper will be prepared this year by Jimmie Scaglia who operates the Park Avenue Spaghetti parlor and who has established an enviable reputation for himself as a caterer.

Veterans of both War I and War II are invited. The membership quota of L. B. Faulk Post for 1944-1945 is 436 members, but Commander E. F. Jones states that he expects to exceed this number since the post at present has 481 members.

Present plans call for the serving of the supper to start at 8:30, but the Home will be open for the evening's entertainment at 7 o'clock.

Getting fighters to the war front and keeping them supplied is largely the job of the U. S. maritime service—fighters in dunnies, Your War Fund dollars help the United Seamen's Service which operates in ports all around the world.

HOMECOMING QUEEN AND MAIDS

Football players of Louisiana Tech have elected these girls to serve as the traditional queen and attendants at the homecoming game with Southwestern Louisiana Institute Saturday. Upper three: Anna K. Richard, Shreveport, queen; Barbara Beale, Shreveport, and Helen Bartlett, New Orleans. Lower row: Frances Head, Chatham; Shirley Laffitte, Mansfield; Nell Fox, Ruston, and Bobby Sullivan, Minden.

LEGIONNAIRES TO MEET TODAY

Will Assemble With Auxiliary
In Rayville Sunday
Morning

The Fifth District American Legion conference will be held in the high school auditorium in Rayville at 10 a. m. today. Many Legionnaires from Monroe and vicinity will attend, it is anticipated.

The conference, which will be held for all Legion and Auxiliary posts in this district will open at 10 a. m. District Commander Warren Hunt will preside. Commander Leonard Jackson of Clarke will be present and District Vice Commander D. Curtis Seamon will participate. Department Adjutant Matt Monaghan is also to participate on the day's program.

At noon there is to be a dinner served and the day's sessions will be concluded early in the afternoon. The chief business of the conference will be to formulate plans for the coming membership drive which will end on Armistice Day and to discuss post-war re-adjustments that will have to be effected as they concern veterans of the present conflict.

REBECCA LODGE TO HOLD MEETING HERE

A district meeting of the Rebecca Lodge, auxiliary of the Woodmen of the World, will be held here tomorrow morning at 11 o'clock at the W. O. W. hall, it was announced last night.

Prominent visitors will be Mrs. Phyllis Burleigh, Eaton Rouge, president of the Rebecca assembly, and Mrs. Eunice Tice, Shreveport, warden of the Rebecca assembly.

GIRLS' INDUSTRIAL SCHOOL AT PINEVILLE IS OVERCROWDED

Dormitory Space Needed But
Understaffed Personnel
Carries On

This is the second of a series of articles on conditions at Louisiana's institutions. Parts contained herein were obtained on a tour of secret inspection shortly before Claude Harrison, director of state institutions, left for his post on October 14.

By George V. Lofton
The State Industrial School for Girls at Pineville apparently is one of the "orphans" of the state, but despite handicaps which would discourage the most stout-hearted social worker, conditions are surprisingly good at the institution.

In our first article we told of the efforts of Claude Harrison, for the past two years director of institutions, and the 1944 legislature to correct deplorable conditions which have existed for many years at our state institutions. These men did not forget the girls' school, but when the appropriations bill approved for capital outlay for the various state hospitals and correctional institutions reached the governor's desk, the sum of \$239,000 for the industrial school was vetoed.

It seems that there was some debate over the merits of a trades school for Alexandria and the appropriation for the construction of new buildings at the girls' school. The trades school, which carried an appropriation of \$300,000, won out.

The school is woefully overcrowded and certainly anyone who would take the trouble to inspect the buildings would see that the need for at least another dormitory is a "must."

There are three main buildings on the grounds. One houses the dining hall, the kitchen, a chapel and a recreation room. Two others are used as dormitories. The downstairs floor of one has been converted into a school room and a library, as required by the state if the institution is to be maintained as an accredited school, which it is and which it must continue to be if these people are to be expected to go out into the world and take their places as citizens. The downstairs floor of another is used as a sewing room where the girls are taught to sew and others related to domestic science.

The girls are housed upstairs in three two-story buildings, and by upstairs we mean in the halls, closets and every other space that's available. In the main dormitory rooms are placed side by side and there isn't room between them for the occupant to step out of the door, she must crawl over her neighbor's bed to reach the door.

Other buildings on the grounds include a ranch-style structure which is called a laundry, a pump house and the superintendent's cottage.

A special committee, appointed by Gov. Sam Jones to inspect and report on conditions at state institutions, was alarmed over a "punishment room" which is maintained at the school. This room is small and contains two double-decker beds. There is no room

for the girls who are placed there for serious infraction of rules to exercise, otherwise move about with any freedom. But it's clean and not too uncomfortable.

This committee had heard about the "dungeon" in which recalcitrant inmates were placed several years ago. This "dungeon" was an intolerable building below the main campus, but it was abandoned as a "punishment room" in 1941.

At the time of our visit, there were 76 girls in the school and Mrs. Juanita R. Jackson, the superintendent, gave us figures for previous years which are on file in the state records. For instance, since April of 1942, when Mr. Harrison assumed charge of institutions, there have been 45 girls who are termed "runaways." In the year 1941 alone, there were 179 who ran away from the institution. In 1942 there were 36 girls who left without permission, of which 15 escaped in January and February. There were ten escapes during the entire year of 1943 and up to August of 1944, 14 had run away.

The food at the school is excellent, perhaps because the girls themselves prepare it under the direction of an experienced dietitian. Much of the produce and canned goods are furnished by other institutions whose program of diversified crops is paying good dividends.

The case of two girls, strangely parallel, were told us by two public officials on different occasions. Judge Lester Bordelon, of Marksboro, sent a 13-year-old girl to the school from a farmer's settlement in her parish. She could neither read nor write, and her morals were not good. She apparently didn't much care what happened to her. She was placed in the school, given individual attention, and soon she began to gain a vague impression that after all there was some place in society for her. She proved an apt pupil, and it wasn't long before she had been given the background for at least an elementary education. And, without lecturing or severe fault-finding, Mrs. Jackson and her teaching staff had taught her the difference between right and wrong in her conduct. The last time Judge Bordelon visited the school, the little girl greeted him warmly, beamed and told him what she had accomplished on her "way back."

Sheriff "Toby" Martin of St. Francisville told us a similar story. It was found necessary to send another 13-year-old girl from his parish—a girl who likewise was trained in a farmer's settlement—to the school. The girl protested vigorously, and physically, and Sheriff Martin took his wife along to comfort the child. When they reached Pineville, the girl was still defiant, but after 30 minutes with Mrs. Jackson, the youngster was satisfied that she would at least get an even break, and now she doesn't even want to leave the school. And that's Sheriff Martin's story, not ours.

The school is understaffed and many of those charged with the rehabilitation of these unfortunate girls are underpaid, but they have stuck with their jobs in admirable fashion. For the past two years, a program of recreation has been carried out which has done much to build morale. The girls are taken to Alexandria regularly to attend motion picture shows and on certain nights of the month they go to one of the army camps nearby where dances are held in their honor. These dances are well supervised, and it goes without saying that they anxiously look forward to these occasions. All this enters into the well-planned formula for enforcing discipline, because no girl who has more than a certain number of demerits against her may participate in this program of entertainment.

There is little chance that conditions at the girls' industrial school can be improved during the next two years, but the board of judges whose duty it is to advise state officials on needs for the institution hope that the next state legislature will provide funds for adequate buildings and staff, and that the governor will approve such appropriations that are not dwarfed.

The true sadness is not a dwarf fish, but the young of the pilchard, a species of herring.

E. H. S. CLUB'S OFFICERS GIVEN

Frank Cline Of Monroe Is
President Of N. J. C.
Group

Officers of the E. H. S. Club of Northeast Junior College, L. S. U., were selected at an organization meeting this week to serve for the current school year. The list includes: Frank Cline, Monroe, president; Malcolm Sleen, Monroe, vice president; Edith McWilliams, Monroe, secretary; Mary Helen Walker, Monroe, treasurer; Elizabeth Beadles, Monroe, program chairman; Anita Danna, Monroe, entertainment chairman; George Gene Welch, West Monroe, publicity chairman, and David Russell, West Monroe, reporter. E. J. Brown, assistant professor of social sciences, is faculty sponsor of the group.

The initial meeting, which was attended by 47 students, gave indication of an unusual amount of interest in the club's tentative plans and prospects of an active year, officers declared.

Programs of the organization will emphasize pertinent topics of international scope. With the entire world involved in struggle, there can be no question of the need of being well informed on matters pertaining to the present crisis. Mr. Brown pointed out College students give every evidence of their interest in a proposed study of significant problems and world affairs in general, he added.

The club, comprising students interested in economics, history or sociology, will have access to material supplied by the Carnegie Foundation. No date has been set for regular meetings of the E. H. S. Club, but the next meeting is scheduled for Tuesday, October 24 at 7:30 p. m. in the fine arts building on the college campus.

FOUR EAGLE AWARDS GIVEN TO SCOUTS

An unusual court of honor was held in the Central Grammar School auditorium Friday night, when the Cuyahoga Valley Boy Scout Council presented four eagle awards to Monroe Scouts. An honor team composed of Order of the Arrow members, headed by John J. Browne, comprised the honor guard.

The Scouts presented these outstanding awards were Don Dabber of Troop No. 24, Jimmy Roberts and Lawrence Pettit Jr. of Troop No. 29,

BACK DOOR TO SINGAPORE

and Allen Green of Troop No. 1. Scoutmasters of the respective troops are W. L. Dean Jr., L. B. Pettit and J. F. Browne.

President A. B. Clarkson made the presentation address and the mothers of the Scouts presented the badges to their sons. The largest group of Scouts ever assembled in an affair of this nature composed the court.

Many advances in rank were recognized as well as numerous merit badges and special awards. Scouts Joe Marsala and John Browne were awarded five-year veteran awards. Commissioner J. W. Webster assisted.

If Back Aches Flush Kidneys

Do you suffer from Getting Up Nights, Backache, Stiffness, Leg Pains, Pimples, Swollen Ankles, Rheumatic Pains, Bladder Weakness, Painful Passages, or Freid and run-down, due to congested and non-systemic Kidney and Bladder troubles? If so, here is good news. The very best done of Cystex in physician's prescription usually goes right to work helping the kidneys flush out excess acids and wastes which may have caused your trouble. To take Cystex exactly as directed and watch for quick relief and a rapid increase in pep, more youthful feeling and joy of living. Cystex must work from inside you and works completely if you simply return the empty package and your money back is guaranteed. Two or three other day without trying Cystex—only \$36. For this cash take the package to be sure to get genuine, guaranteed Cystex.

recently elected chairman of the Central District Committee. Charles B. Cook paid tribute to the contribution made by Mrs. Holland to Scouting in the Central District. Dr. A. M. Serex, pastor of the First Methodist Church, will succeed Holland as court of honor chairman.

WEDNESDAY, OCTOBER 18
8:30 to 9:10 P. M.

OVER STATION KMLB

ON YOUR DIAL 1230

"Free peoples gain their national strength and their ability to act in unison in direct ratio to their knowledge and understanding of public affairs."

THE BLUE NETWORK and its 152 stations believe in this great truth. We see our responsibility to bring this knowledge of public affairs in terms of "easy listening" to the owners of every radio set. Therefore, we are co-operating with The New York Herald Tribune Forum in bringing you this series.

On no other occasion are so many highly-placed, responsible and well-informed people gathered into one radio feature. From among all the speakers at the Herald Tribune Forum—government officials, military leaders, businessmen, world travelers—we have selected the most significant for our three programs—Monday, Tuesday and Wednesday.

Governor Dewey—Admiral Nimitz and Julius Krug—Bernard Baruch and Henry J. Kaiser—Clare Luce and Helen Gahagan—are among those who will appear. They will talk about the meaning of this year's Presidential

election; about jobs; about the 12,000,000 returning veterans; about the vast task of reconstruction from war to peace; ABOUT THE KIND OF WORLD AHEAD.

This radio feature, entitled "Builders of the World Ahead" will be a new pattern in programs. First, because it is broadcast at a time most convenient for listening; second, it compresses into an hour of short talks by selected speakers the cream of a whole evening's discussion; and third, it presents a popular summation by an experienced commentator—John B. Kennedy.

America is a "mass meeting" which is always in session—and which expresses itself in many ways, including the ballot. To take part in this "meeting" is a grave task from which no one, who proposes to be a good citizen, is exempt. To vote wisely requires the effort to keep informed. The Blue Network brings to you and each radio set owner the opportunity to hear and examine the facts. It is "in the service of the people" that The Blue is dedicated.

SPEAKERS WILL INCLUDE:

★ GOVERNOR DEWEY ★ ADMIRAL NIMITZ ★ JULIUS KRUG
★ BERNARD BARUCH ★ CLARE LUCE ★ HELEN GAHAGAN ★ HENRY J. KAISER

JOHN B. KENNEDY will summarize each of the three programs.

PIERCING BOMB'S FORCE TERRIFIC

Penetrates 12 Feet Of Concrete Before Explosion Occurs

LONDON, Oct. 14.—(AP)—The air ministry announced tonight that the R. A. F. has been breaking dams, sea-walls, and submarine pens recently with a new type, 12,000-pound earthquake bomb which is described as "undoubtedly the most destructive air weapon ever used."

The big weapon combines great penetrative power with a terrific blast effect, the air ministry said, adding that "no other bomb used in this war, either by ourselves or by the enemy, has had these two advantages."

"Even the old-type, 12,000-pound factory bomber detonated on the surface and destroyed its target by the blast alone," the ministry observed. The blast of either one makes that of the Nazi flying bomb look like a toy.

The new bomb is three times the size of the original blockbusters, one of which is known to have destroyed at least 30 buildings during an attack on Emden. That would mean that under the same conditions the "earthquake" might flatten up to 100 buildings.

Scientists estimate that its blast damage covers an area of approximately 80,000 square yards.

It is streamlined so that it will penetrate into the earth even from moderate altitudes. It carries a delayed action fuse so that the bomb does not explode until it is inside or under its target. The head contains the heaviest possible charge of "a very powerful explosive."

Its extraordinary penetrative power was shown in recent attacks on the submarine pens at Brest. They were among the strongest shelters ever built by man, with concrete roofs 12 feet thick.

"Four 12,000-pounders hit the roof and drilled their way right through the concrete to explode inside," the air ministry declared.

The new bombs also have been used with great success in knocking out formidable German long-range weapon sites. One of them dropped on a hillside in France buried hundreds of flying bombs the Germans had stored in limestone caves.

It took only one to put the big German battleship Tirpitz out of action, probably for the duration. They also were used to drain the vital Dortmund-Ems canal, to crumble the sea walls around Walcheren Island off the Dutch coast where the Germans had long-range guns and to smash the Dams in southern France.

To keep your tea kettle fresh, boil a weak solution of bicarbonate of soda solution in it periodically and then wash with soap and water.

MUSIC LEADER

Miss Cynthia Nixon will direct the music and lead young people's meetings in the revival that is to start tonight in the First Methodist Church in West Monroe, Rev. P. M. Caraway, pastor, announced. Miss Nixon is a graduate of Louisiana Tech, class of 1942, school of music, and also of the Garrett Biblical Institute of Northwestern University and L. S. U. She was student-director of the Wesley Foundation at L. S. U.

RUSSIAN TROOPS

(Continued from First Page)

jevo, last possible rail escape route for the Germans fleeing from southern Yugoslavia and Greece.

Besides taking Kumodraz, three miles from Belgrade's city limits the Russians also announced the capture of several other localities which Tito's headquarters already had disclosed Friday as being captured, including Belopotok, six miles outside the capital.

In the drive westward across Yugoslavia the combined Russian-Yugoslav forces captured Arandelovac, 32 miles south of Belgrade and the same distance east of the communications center of Valjevo. Soviet forces now are almost a third of the way to the Adriatic Sea in the west.

South of fallen Riga in Latvia the Russians captured 10 localities, the bulletin said, including the rail station of Baloti, four miles below the Latvian capital and Pskovskis, nine miles outside the city. German troops were fighting a savage delaying action as the Russians pressed them westward into the encircling arms of other Soviet troops that have sealed off northwestern Latvia.

Although the Russians were reported battering at the approaches to Memel and Tilsit in German East Prussia, Moscow was silent about land operations on that front. Berlin said the situation had eased somewhat but fully expected a resumption of the drive shortly.

Soviet bombers attacked Memel and Tilsit Friday night. The bulletin said nine German transports were in the Baltic port at the time and large concentrations of enemy troops observed in the northwestern part of the town. Forty fires broke out accompanied by explosions in the port district and could be observed for 125 miles the communication said.

At Tilsit, direct bomb hits blew up a train in the station and set fires at crossings over the Niemen river and also in the northern and western parts of the town, it said.

Hungary's fate was nearing a decision in great four-day-old tank battles on the Hungarian plain near Szolnok, 50 miles southeast of Budapest, and near Debrecen, important communications center 115 miles east of the capital.

There were unconfirmed reports that the last big Axis satellite nation already was negotiating an armistice with the Allies.

Now that Riga, Latvian capital on the Baltic, has fallen the Russians can divert thousands of troops to the battle for East Prussia, and Berlin said the heaviest Red Army pressure was being exerted against the southern side of the Reich province from the western Polish town of Poznan, on the west bank of the Narew river, 33 miles from the Nazi frontier.

Early liberation of Belgrade was expected. The ancient fortress city with a pre-war population of more than 300,000 at the confluence of the Sava and Danube rivers was occupied by the Germans April 13, 1941, after mass raids by Nazi bombers had killed thousands of civilians.

SAY GUERRILLAS IN PHILIPPINES

Japanese Admit Americans In Hills Still Bothering Them

(By Associated Press)
The Japanese gave clear evidence that guerrilla warfare is increasing against them in the Philippines while commemorating a hollow first anniversary of the puppet "republic."

Shozo Murata, Japanese "ambassador" to Manila, reported in his official speech on the occasion Friday that "American guerrillas" were harassing Nipponese communication lines. Counter efforts of the puppet Philippine government, he said, have "not been very satisfactory."

Mention of these persistent opponents—many of them American army officers and men who escaped to the hills from the conquering Japanese—always has been a sore point with the overlords. In the past the Nipponese have acknowledged their existence only periodically and when they expected to gain from public announcement. Many times they have reported the "final elimination" of these roving bands.

Murata's curious statement apparently was prompted by two main reasons. Evidently guerrilla activity has increased to the point where the Japanese would lose prestige if they attempted to ignore it. At the same time the "ambassador" spoke in obvious ill temper which indicated that Japanese dissatisfaction would bring harsher extermination attempts.

The guerrillas have been present constantly during the Japanese reign. At times their military importance was slight, but they were a constant symbol to keep alive the flame of resistance among the people. Their courage and determination, with the knowledge that capture meant torture and death, wove a dramatic story into Philippine history.

American commanders undoubtedly will utilize this internal force to assist the anticipated invasion of the islands.

Murata's frankness may indicate the beginning of the guerrilla phase of the campaign. The Philippine "republic" was proclaimed Oct. 13, 1943. Japanese propagandists tried to make the anniversary a convincing display of Filipino-Japanese friendship. But the thunder of nearby American naval guns and aerial bombs shouted them.

(Continued from First Page)

their homeland before their last few routes of escape are finally snapped shut by the Russians and the Yugoslav Partisan forces.

There was no news of a small column of land forces which already has chased Nazi garrisons from the Peloponnese and captured Corinth. It was last reported moving northward.

It was considered likely here that the Greek government is returning to Athens with a new landing force to set up a provisional administration and begin preparations for plebiscites in which the Greek people have been promised they will have the opportunity to choose their own form of government.

The government already has issued a plea to Greeks to forget their factional differences for the present in order to prevent possible interference with the immediate task of chasing the last Nazis from Greek soil and bringing much needed relief to the people whose suffering under the German occupation has been the most acute in all Europe.

The Cairo radio reported the morale of the retreating Germans in Greece had been broken.

The fall of Corfu came with surprising suddenness.

Balkan air force pilots, flying low over the big island scattering leaflets calling on the enemy garrison to surrender, saw the Germans break out and toward the coast.

Then the landing parties came in. They found only 60 Germans in the northeast corner of the island waiting to surrender. Not a German was found in the town of Corfu.

The British had expected to find at least a regiment, well supplied with coastal guns.

Meanwhile, a tremendous explosion from German slaved action charges wrecked the center of the Albanian port of Sarande, eight miles northeast of the island across a narrow strait.

An official account said these were no casualties, because the area had been roped off after the discovery of numerous mines and booby traps.

But the commander of the German garrison broke the Geneva rules of war by failing to report the presence of the explosives, which let go 50 hours after the capitulation.

Eight miles northeast of Sarande, the island town of Delvine was captured by partisan forces Wednesday, it was announced.

The fall of Corfu, Sarande and Delvine eliminated both the Albanian coastal road and coastal waters as routes of retreat for the Germans in Greece, but the light opposition encountered everywhere indicated the enemy no longer attached much value to them.

The Allied command again was silent on operations of British land forces and Partisans on Greek mainland territory.

British and Partisans who swept across the Peloponnese last were reported moving up from Corinth, at the southern end of the Corinth Isthmus linking the peninsula with the mainland. Corinth is less than 40 miles from Athens.

"kept cutting in on her all the time" and forcing Miss Bauerdorf to jigger with him.

She said the man was about 28 years old, of average height, with a very dark complexion.

Miss Bauerdorf's body, clad only in the top part of her pajamas, was found floating in her bath tub. Sheriff Lt. Gardner Brown said she had been raped.

SLAIN GIRL OFTEN SHREVEPORT VISITOR

SHREVEPORT, La., Oct. 14.—(AP)—Georgette Bauerdorf, 20-year-old oil heiress whose slaying in Hollywood has attracted nationwide attention, has visited frequently in Shreveport with her father, George Bauerdorf, it was learned today.

Bauerdorf, wealthy oil and mining man, has oil interests in the Ark-La-Tex area.

Last visit of the father and daughter here was about January 1. They stopped at a local hotel and were entertained by several Shreveporters, some of whom have known Bauerdorf for years.

A close acquaintance described Miss Bauerdorf as "a very nice girl and very friendly."

BIRTHS

Mr. and Mrs. Boyd Beadles of Loop road announce the birth of a son on October 13, at St. Francis Sanitarium.

DEATHS

FRANK D. BENTON

JENA, La., Oct. 14.—(Special)—Frank D. Benton, prominent cafe operator here, died suddenly Monday of a heart attack. The funeral was held at the First Baptist Church, Wednesday at 4 p. m., with the pastor, Rev. A. L. Russell, officiating. Interment was in Nulley Memorial Cemetery.

Mr. Benton was 56 years old at the time of his death. He was born at Kent's Store, East Feliciana Parish, La., September 3, 1888, moving to Jena with his parents in 1903. He attended school and grew to manhood in this community. December 6, 1914, Mr. Benton was married to Miss Alma Andrews, daughter of Mr. and Mrs. Sam Andrews of Jena. Two sons and one daughter were born to this couple. Frank, Jr., of Jena, Joe, a member of U. S. Air Forces, now stationed at Langley, Texas, and Mrs. Hershel Floyd of Jena.

Besides his immediate family he leaves two brothers and three sisters: Dr. John Benton, Minden, D. Benton, Monroe, Mrs. W. D. Murray, El Dorado, Ark., Mrs. W. A. Moore and Mrs. T. J. Brady, both of Bastrop.

MRS. MAUDE H. YOUNG

Mrs. Maude H. Young, 61, of near Jonesville, died yesterday afternoon in a local clinic.

Funeral arrangements, being handled by Mulhearn Funeral Home, had not been completed last night, but services will be held some time today and burial will take place in the Harborside Cemetery.

Mrs. Young is survived by four children: Mrs. Ruth Young, Monroe, and Mrs. J. E. Doughty, Mrs. H. C. Doughty and Mrs. R. E. Doughty, all of Jonesville; two sisters, Mrs. Lloyd Alexander and Mrs. Walter Hayden, Shreveport; 20 grandchildren; an adopted son, James E. Doughty, of the city and Hubert C. Doughty, of the city, who are in service in the South Pacific, and one great-grandchild.

MRS. ROXIE SISSON

DELHI, La., Oct. 14.—(Special)—Mrs. Roxie Sisson, 71, died at the residence of her daughter, Mrs. B. Skidmore, at 6:30 p. m. Saturday.

Funeral services, under the direction of Mulhearn Funeral Home of Rayville, will be held Sunday at 4 p. m., from the residence of Mrs. Skidmore, with Rev. E. L. Tatum, pastor of the Methodist Church of Delhi, officiating. Interment will follow in the Mulhearn Cemetery here.

Mrs. Sisson is survived by her daughter, Mrs. Skidmore, three stepchildren, J. E. Sisson, Austin, Tex., Mrs. Ada Parker, Vicksburg, and W. L. Sisson, Crowley, two sisters, Mrs. T. R. Turner, Vicksburg, and Mrs. Molly C. Gibson, Athens, Tex., and nine grandchildren.

Mrs. Sisson had resided in Delhi for the past 31 years and was well known here, where she took an active part in affairs of the community.

HEAVY NIGHT RAID
MADE ON GERMANY

LONDON, Oct. 15.—(Sunday)—(AP)—The R. A. F. bombed Germany early today with one of the largest night armadas ever seen by coast watchers, hard on the heels of the 330-plane daylight raids on Duisburg, Cologne and other German cities.

Watchers in southern England, seasoned to the drone of night bombers, said the force which swept toward the continent shortly after midnight may have been the largest ever massed for an attack on Germany.

A considerable force of craft believed to have been Mosquitos spearheaded the constant stream of heavy bombers trailing southeast.

At 1 a. m. the German radio warning service reported there were no enemy planes over the Reich, but shortly afterward Nazi radio stations exploded into a series of warnings.

These placed the raiders over the Hannover-Brunswick and Schleswig-Holstein areas and in the Brandenburg-Berlin region.

Squadrons of warnings indicated that Mosquitos, frequent visitors to Berlin, gave the German capital a double drubbing.

B-29S RAID

(Continued from First Page)

most entirely to enemy military and naval operations.

The B-29 attack was coordinated with the bombardment of Formosa by great fleets of planes of planes from navy carriers and marked a high point on integrated army-navy action in the south China coastal area.

It was another step in the tactical pattern of the American advance into the perimeter of Japan home defenses. Earlier B-29 raids were on isolated enemy war industries far from the scenes of other Allied operations.

Formosa is the base from which the Japanese launched their Lightning offensives in the Philippines and the Southwest Pacific after Pearl Harbor. Since that time the military establishment on the island has been enlarged until it has become a gigantic arsenal supplying all the enemy operations.

This tenth expedition of the air giants was the shortest raid they have made to date and permitted transport of greater bombloads.

ARMY JOINS NAVY IN DEVASTATING RAIDS

U. S. PACIFIC FLEET HEADQUARTERS, PEARL HARBOR, Oct. 14.—(AP)—American B-29 Superfortresses from China bombed Formosa in force today (U. S. time), the war department announced, putting the navy in partnership with the navy in a week of devastating raids on Japan's inner defenses.

Gen. H. H. Arnold in Washington said the big bombers, in a larger number than ever engaged in any previous attack, centered their Formosa strike on Okayama, "the most important air target south of Japan proper" and returning crewmen's reports "indicate a successful attack."

Tokyo radio said the Superfortresses were preceded by two Formosa raids by 450 American carrier planes. The U. S. navy has not announced such raids.

With the navy's summing up of its four-day score on Japan—140 ships sunk or damaged and 325 planes destroyed or damaged in blows initiated Monday in the Philippines-Japan area—newspapermen here were permitted to speculate that carrier forces were still prowling Nippon seas.

Indications pointed toward an approaching American invasion of the Philippines, or perhaps even Formosa, or the Ryukyu Islands above Formosa, was a near possibility.

The navy's strikes at the Ryukyu Islands Monday, at Luzon in the Philippines Tuesday and the Formosa attacks Wednesday and Thursday took a heavy toll of Japanese shipping, further complicating the enemy's problem of supplying its garrison of about 150,000 troops in the Philippines.

Reversing the figures on the Ryukyu strike, Adm. Chester W. Nimitz said 46 enemy vessels were sunk, including a destroyer escort and four small submarines, and 11 other ships probably were destroyed. Twenty ships were damaged. Aside from these 77 vessels, 50 smaller craft of lesser tonnage but nonetheless important as supply elements, were sunk or probably sunk.

Nimitz said that organized enemy resistance in the southern Palau Islands had ceased. Marines and army troops are cleaning out Japanese remnants on Peleliu and Angaur Islands. The Palau offensive started September 15, and gave the Americans control of 12 islands 515 miles east of the Philippines.

FOUR SUPERFORTRESSES ARE REPORTED MISSING

WASHINGTON, Oct. 14.—(AP)—The 20th air force reported late this afternoon that four of the Superfortresses which carried out a large scale attack on Okayama, Formosa, today are unaccounted for at this time.

The communique added that some of the planes were expected to turn up later at friendly bases.

MORE AND BETTER
TOYS ARE PROMISED

WASHINGTON, Oct. 14.—(AP)—Santa Claus received a cheering message from the War Production Board today. More Christmas toys and better toys.

Many toys this year will be made of wood, and fewer will be paper. More than 100,000 doll carriages and some wagons will have metal wheels, WPB reported.

A small quantity of steel dishes will be in Santa's sack for the first time since war began. Toy soldiers and miniature automobiles and trucks of zinc in limited quantity will be ready because of the easing of the zinc supply. Some replacement tracks for electric trains will be available. There will be no trains.

Only fifteen per cent as many stamped metal toys will be under Christmas trees. There won't be any mechanical toys requiring gears because manufacturers are too busy making "gears for war."

Checkers, dominoes, dart boards and other games, which are being shipped overseas to the armed forces in large quantities, will be limited in number for civilians.

There will be no new tree lights but tinsel of lead foil instead of tin foil and blown glass ornaments can dress trees this time, WPB said.

Bread and cake boxes accumulate bacteria, so be sure to clean them out occasionally.

ASK MENGIS

(Continued from First Page)

Board of Health and to the governor of the state of Louisiana.

"Roll call resulted ayes 12, nays 0, absent 1."

"Resolution adopted."

The other resolution was adopted and signed jointly by the Ouachita Parish Board of Health and the West Monroe Board of Health. It was directed to Dr. David E. Brown, president, Louisiana State Board of Health, and is as follows:

"Dear Doctor Brown:

"We, the undersigned, wish to remind you that both the Ouachita Parish Police Jury and the city of West Monroe combined contribute very considerably to the maintenance of the Ouachita Parish Health Unit. In view thereof, we wish to register our protest against the arbitrary transfer of Dr. C. L. Mengis from this unit because he was persona non grata to the city officials of Monroe without reference to and without consideration of the wishes of the Parish Board of Health, the West Monroe Board of Health and their appointing bodies.

"We feel further that by this action you have removed the supervision of health from the local Boards of Health, from the doctors connected therewith and interested therein and appointed by their respective appointing bodies and have transferred this duty to the city officials of Monroe, apparently with the sole right to say who shall be our local health unit director.

TAG TEAM MATCH BOOKED AT ARENA

**Curtis, Parker, Segura And
Olsen Billed On Weekly
Mat Card**

A tag team brawl, featuring George Curtis, Allen "Sailor" Parker, Bobby Segura, and Al (Tuffy) Olsen, is scheduled as the main event on next Thursday night's wrestling program at Gus Kallio's Arena, it was announced last night.

Curtis, a Vicksburg youth and brother of Jack Curtis, former world light heavyweight champion, will team with Parker, Nashville, Tenn., veterans against the combination of Segura, claimant to the Mexican light-heavyweight championship, and Olsen, the lat-est Swede from Kansas City.

Segura, a native of Mexico City, appeared on the card here last week and made a fairly good impression with the fans despite complaints concerning the supporting cast. Curtis Parker and Olsen are well known to the regular customers who figure that

The match will have a 90-minute time limit two falls to win.

Curtis will meet either Segura or Olsen in one of the preliminary engagements, and Parker will follow him, taking on the better Curtis fails to draw.

TEXAS A. AND M.
BEATS L. S. U. IN
CLOSE GAME, 7-0

Aggies Score Late In Game
Marked By Strong De-
fensive Play

THE STATISTICS
BATON ROUGE, La., Oct. 14.—(P)—
Louisiana State—Texas A. & M.
football statistics:

	La. State	A. & M.
First downs	6	4
Yards gained rushing	120	63
Forward passes attempted	3	8
Forward passes completed	1	5
Yards by forward passing	7	30
Forward passes intercepted	0	1
Run-back of intercepted	0	17
passes		
Punting average	24.2	33.7
Yards kicked returned	51	75
Opponents' fumbles recovered	4	3
Yards lost by penalties	15	15

BATON ROUGE, La., Oct. 14.—(P)—
Texas A. & M. edged out a 7-0 victory
over Louisiana State tonight in a tight
tussle marked by outstanding defensive
play on both sides but marred
by numerous fumbles.

With the exception of the Cadet
score in the third quarter, both teams
lacked a scoring punch when needed
and spent much of the tilt exchanging
punts.

Paul "Bubba" Yates, Fort Worth
six-footer, twisted eight yards just
inside his right end for the lone Cadet
marker early in the third quarter,
after Cotton Howell, Nacogdoches end,
had recovered an L. S. U. fumble on
his 34 and Yates, Jim Parker and Don
Kingery alternated on short plunges.
Abraham converted.

Outstanding on the offensive for the
Tigers were Jim Cason and Y. A.
Tittle, both, oddity. Texas boys, but
their best gains were too far from
pay dirt and Tittle's passes failed to
click often enough to make the differ-
ence. Gene (Red) Knight, only net
Bengal back, several times punted his
teammates out of trouble.

Louisiana States fumbled an even
half-dozen times and the visitors five,
but the Tigers recovered four of the
Cadets slips to three of their own
picked up by the Aggies.

Outstanding on the defensive
throughout the game were Clyde
Lindsey, another Tiger from Texas,
at end, and Wilford Landry, Baton
Rouge fullback, both of whom crashed
through to keep the Aggie offensive
off balance.

The entire Aggie wall put in the
Tigers' hair on defensive, frequently
allowing the secondary to pin an L. S.
U. carrier or passer far back of the
scrimmage line.

The Tigers made their best threat
in the second period, driving to the
Aggie three-yard stripe with alternate
plunges by Cason and Elwyn Rowan.
There they fumbled but recovered
and again neared the pay stripe, but
the Aggies held and kicked off of danger.

The Aggies made six first downs to
four for the Tigers, and netted 120
yards rushing to 63 but the host team
completed five passes to one for the
visitors and recovered 37 yards pun-
t against the Cadets' 212.

OUACHITA AND HAYNESVILLE
IN ANNUAL TILT HERE FRIDAY

Lions Observe Homecoming In
First AA Game And Last
Contest At Home

The Ouachita Parish High School
Lions and the Haynesville High
School Golden Tornado clash here
next Friday night in a Class AA con-
ference skirmish that will highlight
prep school grid activity in north
Louisiana for the week-end.

It will mark the first conference
scrap of the season for Coach George
Riser's Lions and also their first game
at home since their September 15
opening with Homer. And O. P. H. S.
fans who expect to see the Lions on
home soil this year will have to do so
Friday as the Tornado date is the sec-
ond of a two-home-game schedule.

The battle, billed for Brown Field
on the campus of Northeast Junior
College, has also been designated as
Ouachita's Homecoming game and
student interest is particularly strong.
Claiming interest on the Ouachita
campus right now is the selection of
the Homecoming queen. Leading candi-
dates are Mona Cleveland, Yvonne
Craven, Alice Phillips, and Julia Wil-

son.

Haynesville will face the Lions with
a rugged team that will be out to
avoid defeats at the hands of the
Lions the past three years, and the
O. P. H. S. forces can depend on the
Golden Boys to charge into battle
with determination to keep Haynes-
ville in the Class AA championship
race. For many years Ouachita suf-
fered defeat after defeat at the hands
of the Tornado, but has no intentions
of slipping back into the old groove
Friday.

The Tornado is coached by north
Louisiana's All-America end from
L. S. U., Gaynell Tinsley, Coach Tins-
ley, with several years of professional
football experience under his belt, will
throw at the Lions everything he has
gathered in experience in his years on
the grid.

Coach Tinsley had developed an end
at Haynesville that has made Tornado
fans mighty proud. He is Bill Kellum,
an all-state wingman last year who
seems destined to win the berth again
this year. He has by catching passes
over the field this year and prom-
ises Monroe fans a rare treat as far as
his part is concerned this week-end.

The Lions have had an off week as
far as encountering a foe is concerned,
but the O. P. H. S. force was pretty
badly crippled when the rest period
came around and really needed the
rest to gather their strength for the
Tornado.

Phil McMillan, fullback out with a
shoulder injury, should be able to see
some action Friday. Carlton Potter,
out of the Jonesboro game last week
is still a very doubtful starter.

In practice the past week the block-
ing and tackling of the Ouachita boys
apparently didn't measure up to ex-
pectations for this time of the season
as Coach Riser and Herbert Hollis-
man put emphasis on such work in ex-
tensive blocking and tackling drills.
San Hixon, a guard, who has not seen
service so far this year, has been
shown so much improvement during
the last few days that he is almost
certain to see some action this week.
His blocking and defensive work has
really been improved.

Johnnie King and Jack Faundree,
back who have also seen little combat,
have been showing quite a bit during
the past week and also are claiming
consideration from the coaches.

The passing of Perry Bedgood has
been improving steadily since the Bos-
ton City scrap. Two of his passes
have gone for touchdowns and several
others have been near scores with the
Tiger safety man getting his receiver, Jack
Buttlin is also improving as a passer.

Volts turn on power
TO BEAT FLORIDA, 40-0
KNOXVILLE, Tenn., Oct. 14.—(P)—
The University of Tennessee turned
on the power in the last three quar-
ters today to defeat Florida 40 to 0
in a Southeastern Conference football
game.

Continued of the second period the
Florida Gators drove to the Volun-
ters' 11 yard mark but there the only
kick: Knutht, Cason, Pardo,
Landry. Estimated attendance 25,000.

SNEAD TO RETURN
TO GOLFING WARS

Sammy, Discharged From
Navy, Ready To Resume
Quest For Gold

CHICAGO, Oct. 14.—(P)—The boys
around the professional golf circuit
have a new worry on their minds to-
day—Sam Snead is back, ready to start
slamming down golf's gold trail.

Slamming Sam, who had the hot-
test clubs in golf when he enlisted in
the navy after winning the 1942 Pro-
fessional Golfers Association title, re-
cently received a medical discharge.
And he doesn't intend to let any divots
grow under his feet before he goes
back to reclaim that crown, and regain
ranking as one of the game's leading
money winners.

He intends to start down an exhibi-
tion trail while awaiting the winter
play-for-pay circuit's opening with
Bob Hamilton, 194 PGA titlist, as
his companion. The two will get to-
gether tomorrow in Evansville, Ind.,
Hamilton's home town, in the first of a
series of matches that will end in Port-
land, Ore., when both go after the
Oregon open title.

Snead, a first class petty officer
when discharged by the navy, says a
back ailment that prevented his enlist-
ment early in the war eventually
ended his naval career. But he says
it has not interfered with his swing
and he expects to pick up where he
left off with the PGA title before his
induction.

"I played as much golf as possible
while in the service, and I don't think
I've lost anything," he said today. "Of
course, only tournament competition
will tell. I think I'll be able to hang
in there, though."

Snead, not attached to any club, and
his exhibition schedule included De-
troit, Philadelphia, and to Valley
Forge, Pa., before the winter "golf
trail" begins at Portland.

Snead said he planned to take in
all the west coast tournaments this
winter, starting at Portland and going
down through California, Phoenix,
Ariz., Texas, New Orleans and Florida.

EAGLES DEFEAT PACKERS
IN EXHIBITION CONTEST

NASHVILLE, Tenn., Oct. 14.—(P)—
Scoring in every period and thor-
oughly outplaying their plucky op-
ponents, the Philadelphia Eagles de-
feated the Green Bay Packers 35-14
here today in the first big-time pro-
fessional football game ever played
in the south.

The exhibition was staged for the
benefit of the 20th ferrying group's
athletic fund.

The Eagles scored on both ground
plays and on passes while the Packers
seemed impotent except through the
air, both their touchdowns resulting
from a succession of passes.

MICHIGAN STATE WINS
EAST LANSING, Mich., Oct. 14.—(P)—
Michigan State College won its
victory string to three in a row in its
return to intercollegiate football in
overpowering Kansas State, 45 to 6,
here today. Michigan State scored in
every period.

Southwestern scored again on a pass
from Shamblin to Stewart.

Bubbers, a disease common in Ja-
pan, is caused by feeding exclusiv-
ely on polished rice.

MAROONS WALLOP
ARKANSAS AGGIES

Mississippi State Scores Early
To Defeat Bollweevils,
49 To 20

STATE COLLEGE, Miss., Oct. 14.—
(P)—The Mississippi State Maroons
downed a dogged, hard fighting Ar-
kansas Aggie football team today,
49-20. Both teams kept the 5,000 spec-
tators on edge throughout the game
with sensational touchdown plays.

The Maroons, however, showed su-
periority in every department of play,
scoring in all quarters. "Shorty" Mc-
William, state college's fast step-
ping left halfback, again led in the at-
tack, scoring two touchdowns and get-
ting away for some brilliant runs.

The Maroons swept to a 28-7 lead
at the half time. Early in the first
period, State drove 32 yards for the
first marker. Minutes later, McWil-
liams hit right tackle and dashed 20
yards for the second score.

Hardly had the spectators settled
back in their seats when Jay Parks,
pint-sized substitute tailback, went
over right guard and scooted 64 yards
down the center of the field to pay
dirt. The Maroons fourth touchdown

came when Hal France, on a quar-
terback sneak, went over the goal.

In the third quarter, the Maroons
marched 50 yards to the Bollweevil
goal line, aided by a couple of Mc-
Williams passes. At this point the
score stood 35-7 in favor of State.

McWilliams scored the Maroons'
sixth touchdown late in the third and
State's scoring ended in the fourth
period when Moore reversed his field
brilliantly and went over left tackle
from the 6-yard line. Tom Bures
kicked seven straight conversions
bringing his total for the season to
15.

The Bollweevils showed flashes of
their heretofore power in several drives
and scored two touchdowns directly
on passes.

In the second quarter, Cramer
drove the State secondary flat-footed
and passed from midfield to fullback
Ferrell who took the ball on the Mar-
roon 10 and loped over the goal line.
Again in the last period, the visitors'
passing attack tickled and Ferrell
tossed 40 yards to Cramer on the
Maroon 10. The Bollweevils final score also
came in the last period. Cramer in-
tercepted a State pass, ran 22 yards and
scored stunningly.

SOUTHWESTERN WINS
FROM TECH, 15 TO 0

RUSTON, La., Oct. 14.—(P)—South-
western Louisiana's eleven took to the
air here this afternoon to score a 15-0
victory over the Louisiana Tech Bull-
dogs in a game marred by many fum-
bles and inaccurate passing.

Unable to gain through the stout
Tech line, Southwestern uncorked an
aerial offensive late in the first period
to score. Skippy Jim Shamblin tossed
40 yards to End B. Wachs who was
tackled on the Tech 3-yard line.

Two plays later Shamblin flipped a
lateral to Blocking Back Dave Cook
who stepped across easily from the
eight-yard line. John Abraham added
the extra point from placement.

S. L. T. Billings counted their first
two on the seventh play of the game
on a safety.

Southwest scored again on a pass
from Shamblin to Stewart.

Bubbers, a disease common in Ja-
pan, is caused by feeding exclusiv-
ely on polished rice.

Arkansas LAD LEADS
YALE TO 27-10 WIN

NEW HAVEN, Conn., Oct. 14.—(P)—
A 15-year-old 135-pound fullback from
Little Rock, Ark., was the "center
piece" today as Yale captured an
important victory by defeating
Arkansas 27 to 10 in Yale's home
stadium.

The kid, Roger Backs, who has
earned the nickname of "Arkansas
Traveler" through his great punning
and gallop, scored two touchdowns to
top the yard getting, and converted
several non-scoring runs while Earl
Counsell's back to the wall drive
brought the Bulldogs back to the field.

In winning their third straight
game, the Bulldogs were closest to
balancing just as in their two previous
victories.

HUSKIES WHIP WHITMAN
WALLA WALLA, Wash., Oct. 14.—
(P)—The University of Washington
Huskies got back on the grid with a
magnificent 49-0 victory over
Whitman today, defeating the
Huskies' football team, 49 to 0.

IRISH SCORE 64-0
OVER DARTMOUTH

Notre Dame Deals Out Hu-
miliating Defeat To East-
ern Opponents

BOSTON, Oct. 14.—(P)—Notre
Dame's Fighting Irish ran up their
highest point total since 1932 as they
crushed Dartmouth, 64-0, while mak-
ing their first New England football
bow in 30 years today between show-
ers at Fenway Park. It was the most
humiliating setback the Indians from
Hanover, N. H., have suffered since
their Yale game of 60 years ago.

While scoring 10 touchdowns, the
Notre Dancers, rated as the nation's
top football team, set up four count-
ers for three of their Greater Boston
products, Frank (Boley) Danczewsky,
who made two trips into the Dart-
mouth end zone on a one-yard plunge
and a 33-yard sprint, and substitutes
Johnny Corbessio and Eddie Clasy.

The Irish scored in every period
while rushing the ball for a total of
429 yards and 49 first downs. The
Dartmouth carriers made 34 yards
overall but, thrown for a total rush-
ing loss of 72, wound up with a minus
13 total and six first downs.

The lineup:
Dartmouth Pos. Notre Dame
Mortor LE Sullivan
Washburn LT Sullivan
Fusili LG Sullivan

TEXAS ROMPS OVER
OKLAHOMA, 20 TO 0

DALLAS, Oct. 14.—(P)—Blond Bob-
by Layne, a 17-year-old freshman,
passed and ran Texas to its fifth
straight victory over Oklahoma in
their annual intersectional football
battle today as the Longhorns tri-
umphed 20-0 before a crowd of 23-
000.

Early in the opening period Okla-
homa, spearheaded by the brilliant
Dorold Lebow's running and passing,
swept down to the Texas one-yard
line only to lose the ball on downs.
But it was a backfield-in-motion pen-
alty that had made the distance too
far for the Sooners to cover.

Texas punted out and the ever-
present Layne bobbed up to inter-
cept a Lebow pass on the Oklahoma 44
from where the Longhorns paraded
to their first score. Layne and Sandy
Crow alternated in snacking the line
for a first down on the Sooner 45.

Next Layne rapped right tackle for
six, then he passed to Harold Fischer
behind the line with Fischer rac-
ing down to the Oklahoma 16. On
third down Layne arched a high one
to Bechtol in the end zone for the
touchdown. Layne kicked the extra
point.

Texas scored its last two touch-
downs in the fourth quarter. The
first came after Lebow's short, low
boot carried only to the Oklahoma 40.
Bill made three at right end, then
stepped back and looped a pass to
Leroy Anderson on the Oklahoma 23.

Anderson whipped down the sidelines
for the score without being touched.
Billy Andrews drop-kicked the extra
point but a penalty took it away. The
final counter was a port-gift to Texas.
The Longhorns had the ball on the
Oklahoma 46 after a short Sooner
punt. Interference was called on a

Layne pass to give Texas the ball
the Oklahoma 27. Then Layne flip-
ped to Bennett for the touchdown.
Andrews passed to Layne for the ex-
tra point.

GREAT LAKES BREATHES
GREAT LAKES, Ill., Oct. 14.—(P)—
With first stringers playing only
few minutes in the third peri-
od, Great Lakes used 39 players to re-
verse Western Michigan at Ross Field to-
day. It was Great Lakes' fourth vic-
tory in five games, the only blot
the Bluejackets' record being a
with Illinois.

MEN AND BOYS

WACS ARE DOING HOSPITAL WORK

Help Wounded Soldiers Regain Use Of Muscles, Limbs

Members of the Women's Army Corps serving in army hospitals as medical technicians are doing great work in helping our wounded soldiers regain the use of torn muscles and injured limbs. In their work they use mechanical aids, such as stationary bicycles, flights of stairs — an adult version of the baby walkers. They also massage, and use heat treatment and water baths in various forms.

Sergeant Mary Elizabeth Wood of Bryn Mawr, Pennsylvania, is a medical technician at Halloran General Hospital, Staten Island, New York. The army trained Sergeant Wood for the important job of treating men with injuries requiring medical therapy to help them recover the use of broken or torn limbs.

Other army-trained WACs are doing equally important work in many fields. Overseas they're handling communications for headquarters of all branches of the service, acting as secretaries and stenographers in offices where major decisions are made, doing important code work and many other vital jobs.

Here at home their jobs are just

WAC AIDS WOUNDED

WAC Sgt. Mary Elizabeth Wood of Bryn Mawr, Penn., gives physiotherapy treatment to a wounded soldier at Halloran General Hospital, Staten Island, New York. The work she is doing will help wounded soldiers regain the use of torn muscles and injured limbs. Twenty-two thousand women are needed to serve as WAC medical technicians in army hospitals.

as important. Just a few of these jobs are as librarians in army camps, posts and stations, reporters for army publications, and classification experts on personnel problems.

The army needs more WACs. There are now opportunities for eligible women in 239 vital army jobs. Women who are between 20 and 50 years of age and who meet the physical and educational requirements may be eligible to join the Women's Army Corps. Information on the enlistment procedure may be obtained by visiting the WAC Recruiting Station, P. O. Building, Monroe, La.

SCOUT DISTRICT MEETING IS HELD

The Southwest District Committee of the Cuscuta Valley Boy Scout Council held its annual meeting Thursday night in Jonesboro. Scouts from Winnfield, Hedge and Jonesboro were present and reviewed the work of the district committee for the past year and made enthusiastic plans for the coming year.

The report of the Scout executive stressed the importance of the commissioners' staff in the organization. L. K. Brooks of Ruston, finance chairman, outlined the financial program for the coming year. Dean A. W. Ford of Houston made the principal address, calling attention to what Hitler had accomplished with the youth of Germany in a few short years and stated that our future depended upon the training we give our boys at this time.

W. C. Rundell of Jonesboro was unanimously re-elected district chairman and W. E. LaCroix of Winnfield was elected co-chairman. G. S. Han Jr. of Winnfield was appointed district commissioner.

JUMP IS SHOWN IN POPULATION

Increase Of 1,475,173 In 1943 Is Largest Since 1933

WASHINGTON, Oct. 14.—(AP)—The United States had a natural increase in population of 1,475,173 in 1943, the largest since 1933, the first year for which complete records were compiled, the census bureau reported today.

A natural increase in population is the excess of births over deaths. In 1943 births numbered 2,935,171 and 1,459,998 deaths were recorded. This made the birth rate 21.9 per 1,000 estimated population, and the death rate 10.9, leaving a natural increase in the population of 11.0 per 1,000.

Since 1915, the first year birth registration figures became available, the rate of natural increase has been higher than that for 1943 in only three years: 1915, 11.8; 1916, 11.1, and 1921, 12.7 per 1,000.

The 2,935,171 births recorded in 1943 exceeded the previous year by 126,175; the birth rate of 21.9 per 1,000 was an increase of 4.3 per cent.

New Mexico reported the highest birth rate, 29.4 per 1,000; New Jersey the lowest, 19.1. Other states with high birth rates: Utah, 28.2; South Carolina, 27.6; Mississippi, 26.7; Alabama, 26.6; North Carolina, 26.1.

Following New Jersey, states with the lowest birth rates were New York, 19.4; Rhode Island, 19.5; Kansas, 19.8; Missouri, 19.8; Illinois, 19.9.

The 1943 death rate of 10.9 per 1,000 was the highest since 1937, and for the first year since 1940 showed an increase over the preceding year. Deaths exceeded 1942 by 74,811. The bureau attributed part of the increase to the absence of large numbers of military personnel from the country, resulting in a relatively older population.

New Hampshire reported the highest death rate, 14.6 per 1,000; Arkansas the lowest, 8.2.

States, in addition to Arkansas, with death rates less than 9.9 per 1,000: North Carolina, 8.3; Utah, 8.3; Wyoming, 8.8; Texas, 8.9.

The total estimated population of the nation was not given in the study of natural increase, but the last official figure for the civilian population, exclusive of those in the armed services, was 127,207,884.

PYTHIANS INDUCT 3 NEW MEMBERS

Knights of Pythias initiated three in the rank of esquire last Thursday and the degree of knight will be given on Tuesday after a surprise supper. The Dukes are busy preparing for the big initiation on October 30.

The violence of tides prevents Hudson Bay from ever freezing over completely.

SALVATION ARMY CHAPLAIN HURT

Lt. Raymond Raines In Thick Of Fight In Normandy Invasion

Chaplain (Lt.) Raymond Raines, one of a number of Salvation Army officers from the U. S. Eastern Territory serving with the American forces overseas, was in the thick of Normandy fighting when a shell fragment penetrated the right arm at the shoulder, rendering him hors de combat and necessitating removal to this country for hospitalization. In an interview with a War Cry reporter he detailed some of his experiences overseas.

"The duties of the padre with an army in the field are just those of a Salvation Army corps officer on a grand scale," says the chaplain, and he knows the force of the comparison, since in peace time he is the Salvation Army captain at Mt. Vernon, Ohio, where his wife is directing the corps in his absence.

"The corps officer's work is getting men and women to recognize their need of God, personally and experimentally, in their own lives and to seek Him sincerely. The chaplain is able to do just that. For instance, one evening I led a service attended by several hundred men, and made it clear that if the message of that meeting had made an appeal to any man and he wanted to dedicate himself to more devoted Christian living, he could come forward during the singing of the closing hymn in public acknowledgment of his new decision. Thirty-four men did so."

"One of these seekers was a medical officer of another faith. He had been my billet companion and long habit had made him unconscious of how colorful his language could be."

"Respectfully I had reminded him of the fact that as a chaplain I could not approve of the continuous euphony of words which disfigured his conversation, and had been as sharply rebuked for daring to reprove a man of his position as I had expected to be."

"In a testimony he gave after his conversion he recalled that early conversation and confessed that from that time he had felt condemned over the habit and had endeavored to improve. Now, he told me, he was seeking the help of God to live a new life according to Christian standards."

There is a real seeking after God among the men of the services.

In his spiritual work for the men, Captain Raines was greatly helped by Christians among the enlisted men.

Seven Salvationists formed the nucleus of a band which afterward grew to around thirty pieces and played the accompaniments to the singing in church parades. These and other converted men provided a background of sympathetic and prayerful interest when services were on and men were making decisions for Christ.

The names of those who decide to be active Christians are registered and sent back home to the church or corps to which they wish to belong, so that they are linked in right away.

In state positions under shell and mortar fire the chaplain has had to crawl around from foxhole to slit trench, and from slit trench to crater, conducting services and singing songs and Bible readings with the scattered personnel of his battalion.

Personal service has included the cheering of discouraged men when wounded, the solving of domestic difficulties by linking up a lonely wife and children with the Social Work officer back home in America, writing letters, giving advice, and the thousand other things the peace-time corps officer is well skilled in doing.

Captain Raines is a member of the Order of the Purple Heart.

HELP VIA HORSEBACK

Devised for evacuation of wounded Allied soldiers from mountainous terrain, these twin stretchers, being demonstrated in this picture by British soldiers, are mounted on a Johnston carrier, which may be placed across the back of a mule or horse for easy transportation.

NOTEBOOK OF WAR WRITER

By Hal Boyle

WITH AMERICAN TROOPS IN GERMANY, Oct. 6.—(Delayed)—It seems to many frontline doughboys who have had to fight their way through the Siegfried Line that too much is being made of the mediocrity of German troops captured in these static defenses.

It is true that Hitler is scraping the bottom of his manpower barrel and has thrown into the breach conscript soldiers, middle-aged home guards and men who are partially deaf or have only one good eye, but as one infantryman remarked:

"It takes only one eye to look along a rifle barrel and one finger to pull the trigger."

These second-rate German troops have another advantage making them formidable to the first-rate American soldiers who are driving them back toward the Rhine. This is the protection afforded by their fixed positions—concrete and steel shelters many feet thick.

No matter how good a man you may be, you don't find it easy to rout out another fellow who is firing at you from a snug pillbox to which rifle and machine gun fire are no more than giant lites.

There is still another side of the story. While Nazi "culls" guard fixed frontier posts and are captured when these strongpoints are bypassed or surrounded, there is another type of German soldier rarely taken prisoner: mobile units which are used to backstop the crumbling German line just as in football roving backs try to block any breach through their forward defensive wall. These are the men who lead flaming counterattacks that slow the American advances and cause the most casualties.

They are young, tough, strong and fanatically loyal. And they hit like sledgehammers. They either fight until they are killed or, if their situation is hopeless, retire in good order to reorganize for a later counterattacks. These are the troops that must be destroyed if Hitler and the German army are to be destroyed.

Many of them are openly indignant. One captured from the last war, who was hurriedly summoned up for service at his old rank, said his outfit was issued uniforms from the first World War including the worn-around leggings. They were put into barracks after three days' training and told to hold them against the Americans, he said. This sergeant was boiling mad because he couldn't even write home, his unit hadn't been given an army postoffice number.

It was hard to get our families word from the knowledge of how infrequently we were treated, he said. If you were lucky that old men like me were being sent to fighting fronts, he would certainly start a revolution in Germany all by himself.

Massive armies of the American ilk are tipped with as many as seven points each.

KNOE TO BROADCAST SELMAN FIELD NEWS

A program of radio news concerning Selman Field will be broadcast over KNOE three times weekly, beginning Monday evening at 7 o'clock, it was announced at the field Saturday.

The program, featuring Cpl. Harry (Red) Ryan, former newspaperman and radio commentator and now a feature writer on "True Drift," post newspaper, will go on the air each Monday, Wednesday, and Friday evening at 7 o'clock.

Corporal Ryan put on a similar show when assigned to Sheppard

Field, Tex. The program will feature humorous, unusual, and informative bits about personnel at the field.

We do not fight alone. The enemy being licked by the United Nations. America's contributions to various national relief funds has helped the Allied peoples over many tough spots. Give to the War Fund today.

Living Costs have climbed up too!

Yes, but you can't blame your Gas Bill. IT'S DOWN!

"Increased living cost" is a familiar expression these days. With prices on most of the things we buy higher than ever before, it is unusual to find items on the budget that have not gone up... A good example is your United Gas Service, for it has remained at prewar rates.

Dependable United Gas Service, which brings so much for so little, has NOT contributed to the increased cost of living.

Sergeant and Mrs. Edward E. Venable, in the picture above, cut their wedding cake following their wedding October 4 at Grace Episcopal Church. Mrs. Venable is the former Miss Anne Fulsan, daughter of Mr. and Mrs. Charles Fulsan.

To the right is Mrs. Venable's two attendants, Miss Ann Hayward who served as maid of honor and Mary Jo Davenport who served as flower girl.

Miss Addie Lee Harrison, lower center, daughter of Mr. and Mrs. C. L. Harrison, of Fairbanks, La., whose marriage to Lt. Charles Robert Johnson, United States Air Corps, will take place November 2.

Sergeant and Mrs. Sam Dawson Kennedy, above, whose marriage was an interesting event of recent date. Mrs. Kennedy is the former Miss Betty Van Ness of Fresno, Calif. They are now visiting Sergeant Kennedy's parents, Mr. and Mrs. Drew Kennedy of West Monroe.

Mrs. Guyton Palmer Stubbs Jr., lower left, a bride of recent date. She was introduced to Monroe society at a tea at the Lotus Club last Thursday.

Miss Dorothy Elaine Steen, daughter of Mr. and Mrs. E. M. Steen, lower right, whose engagement to Capt. Kenneth Edwin Boeth is announced today.

Impressive Dedication Ceremonies Honor Former Educator Of Monroe

Building At Junior College Dedicated

Glowing Tribute Paid To The Late T. O. Brown By Educators Of This State

Honoring the memory of the late superintendent of Ouachita parish schools, T. O. Brown, the main building on the campus of Northeast Junior College of Louisiana State University was dedicated in a ceremony marked by simplicity and dignity. In commemoration of his continued service for over 40 years to public school education, this building was named "T. O. Brown Hall."

Dr. C. C. Colvert, dean of the college, presided. The program included musical selections by the Ouachita Parish High School band under the direction of Mr. Walter C. Minniear; a vocal number, "The Lord's Prayer," sung by Miss Irma Ahola, of the college faculty, and numbers sung by the entire audience under the direction of Miss Ahola. Other features were short talks and the unveiling of the memorial stone by Mrs. T. O. Brown, Dr. A. M. Serex, pastor of the First Methodist Church, gave the invocation and benediction.

Dr. Colvert had been appointed president of the institution, known as Ouachita Parish Junior College, when it opened its doors Sept. 28, 1931. When 416 students had registered for the first meeting of classes, no more were short talks and the unveiling of the memorial stone by Mrs. T. O. Brown, Dr. A. M. Serex, pastor of the First Methodist Church, gave the invocation and benediction.

tax payers of the need of the institution. The main building, the first to be constructed, was erected with ideas, Dr. Colvert said. It is filled with ideas, he added. Many graduates and former students have distinguished themselves in this and in other states and in the world conflict because of training which they received here, he pointed out. For the leadership and inspiration which came from him who had the vision of the junior college on our campus, we have cause to be proud of the stone "T. O. Brown," who was a great man, a great christian, educator and a friend to man."

Mr. Fred G. Thatcher, of the college faculty, spoke on his close association with Mr. Brown over a period of 27 years and particularly during the 15 years that he served as a member of the Ouachita Parish School Board.

One of Mr. Brown's aspirations was to have a system of junior colleges for Louisiana, and he stressed the value of establishing one in this parish.

Mr. Thatcher emphasized the courage and determination shown by Mr. Brown during the early chapters of financial difficulties in the history of the institution. Lean years of the depression period, with their decreased assessments, reduced the tax income to such an extent that the college could not continue without additional funds. It was then that President Colvert conceived the idea of getting L. S. U. to take over the maintenance of the school. Enlisting the support of organizations in Monroe and West Monroe, and with the assistance of Sen. James A. Noe, the college became a branch of Louisiana State University. Another chapter in the institution's history was completed last Friday when the Ouachita Parish School Board authorized the transfer of the physical property of the college to the university.

"A tribute to Mr. Brown's efforts in connection with this college would not be pleasing to him if we did not include a tribute to his friend and

MRS. EDMOND TRAVIS

Mrs. Travis, bride of the late T. O. Brown, is the former Miss Pauline Detro, daughter of Mr. Oswell Detro of Delhi, La.

Russia Is Subject Of Club Program

Welcome Branch Book Club Meets In Home Of Mrs. J. G. Hicks For Program

The Welcome Branch Book Club discussed "Russia," land of vast enterprise and courageous fighting men and women, when members met Wednesday in the home of Mrs. J. G. Hicks. Mrs. Paul T. Wright served as co-hostess.

Mrs. A. M. Culpepper described Russia's ten-year plan as it is depicted in the book "Moscow Skies" by Maurice Hindus. She said in part: "The plan demanded the utmost will of every worker to achieve their goal, to raise the worker from his primitive state, from ignorance and poverty."

"One aim of the plan was to abolish private enterprise. Through machines and the products of machines the plan hoped to bring the promised land to the workers. The promised land was typified by America and her technical miracles. Through collective discipline they expected to best any capitalistic country in the world."

"The plan took men and women from every part of the union and trained them to be doctors, nurses, veterinarians, engineers, scientists, etc. When the training was finished they returned to their section of the country and began work at their chosen professions, helping elevate the less fortunate. Individualism was not tolerated, every effort, every plan was for the masses; mass appeal, mass effort and mass intelligence in every phase of life."

"The North Star," a motion picture script by Lillian Hellman, was reviewed by Mrs. L. S. Whitson. It tells how a Russian village met the Nazi invasion in the summer of 1941. "The story opens in lightness and humor. It proceeds to terror and heart-breaking courage, it closes with the full-throated challenge of a Beethoven symphony. Russia's war has been called a miracle. The people, as Miss Hellman shows, are the core of that miracle. It is her art that her characters are not less human for the pain they endure and the deed they perform. They are such people as all of us have known. They are Russians, but they could easily be Americans. This is a book that takes you by the throat and will not let you go."

A special feature of the program was a ballet dance from the Roan School of Dancing by Miss Catherine Juanita Guerrero. She was accompanied at the piano by Mrs. Walter Beal.

Mrs. J. T. Eubanks was elected treasurer of the club replacing Mrs. Sam Campbell. It was voted to purchase a fifty dollar War Bond to be put toward the club house fund.

Mrs. Zell Smith, War Service chairman, has designated Tuesday night, October 17, as the night for club members to visit and entertain convalescent soldiers at the Selman Field hospital under auspices of the Red Cross.

The following delegates to the state convention, to be held in Baton Rouge, November 23, were selected: Mrs. A. R. Doughty, Mrs. Paul T. Wright and Mrs. J. Norman Coon. Alternates are Mrs. V. S. Garnett, Mrs. A. C. Warner and Mrs. T. H. Scott.

The following guests and new members were introduced to the club and welcomed by the president, Guestess Mrs. L. W. Barnes, Mrs. James Wilson, Mrs. Ronald Cook. New members—Mrs. Helen Holmes, Mrs. E. W. Sartain and Mrs. C. E. Koons. Refreshments were served to the following members: Mrs. Stanley Archibald, Mrs. F. E. Black, Mrs. H. V. Collins, Mrs. A. M. Culpepper, Mrs. A. R. Doughty, Mrs. J. T. Eubank, Mrs. W. C. Faulk, Mrs. Fred Hornberger, Mrs. V. S. Garnett, Mrs. E. C. Gibson, Mrs. J. G. Hicks, Mrs. J. F. Prendergast, Mrs. T. H. Scott, Mrs. Dean Selig.

Mrs. Hazel McConnell, daughter of Mr. and Mrs. H. S. McConnell of Bonham, Texas, and S/Sgt. Walter Lee Hill, son of Mrs. E. H. Hill of Monroe, La., were united in marriage Saturday evening at 7:30 o'clock in the parlor of the First Baptist Church with the pastor, the Rev. J. I. Gregory, performing the single ring ceremony.

Roses decorated the improvised altar and were used throughout the church. Mrs. Harold Stampo, sang "Because," accompanied at the organ by Mrs. Howard Dobbs.

The bride was attired in a powder blue dressmaker suit with alligator accessories and a brown hat. Her corsage was of gardenias.

Her only attendant, Miss Joyce Fender, wore a sunflower yellow wool dress, with black and fuchsia accessories and a shoulder corsage of pink carnations.

Sgt. Hill was attended by Sgt. Ray B. Oldham Sr., sergeant-major at Jones Field.

Mrs. Hill attended Bonham High School and Draughton's Business College at Dallas.

Sergeant Hill is a former student of Louisiana State University. He was an accountant for the State Highway Department at Monroe, before entering the service.

The couple will reside at 416 W. 7th street while Sergeant Hill is stationed at Jones Field.

co-worker Dean C. C. Colvert. These two eminent educators and administrators worked shoulder to shoulder in thorough agreement," Mr. Thatcher concluded.

Mr. Jack Hayes, principal of Ouachita Parish High School, spoke on "T. O. Brown—Man and Educator." In referring to the materials which went into the making of the main building, he said, "What sculpture is to the block of marble, education is to the soul. It does not matter whether the type of building is the Mark Hopkins type, only a log, but it matters greatly what kind of person is at each end of the log. At the teacher end, in this case, sat a man small in physical stature but gigantic in the educational realm."

The record of the Ouachita Parish School system in efficiency and scholarship has a testament in the successful men and women in every quarter of the world at present, the speaker added. At the time of Mr. Brown's death, the white children in this parish were housed in 20 modern buildings and the Negroes in 42, in which 281 teachers were training young people.

"Reputation is what one person thinks of another, but character is what a person is," the speaker said. "It survives the man who possessed it. It survives his generation; so we gaze upon this building, let us not be ungrateful that it possesses the substance of the life of a person whose whole being was saturated with the burning desire to educate."

Dr. W. B. Thatcher, president of Louisiana State University, gave the dedication address. Sketching the history of the educational system of the state from 1817, he showed that the work of the constitutional convention of 1879 proved to be the turning point in the public schools of Louisiana by providing machinery for necessary financial support. The constitutional convention of 1898 was one of the major milestones in our educational history. President Thatcher asserted. It made progress possible, and our public school history dates from it. The forces of education had won a strategic battle, but the campaign was not ended.

To men and women who continued the aggressive fight we owe more than we can repay, the speaker declared. Inscribed on the roll of these vigilant and aggressive leaders will be found the names of Warren Easton, A. D. LeFlore, James B. A. Howell, W. A. McFarland, John McNew, D. C. Strickler, T. O. Wade, T. H. Harris, C. E. Byrd, E. S. Richardson and a young faculty member of the Louisiana Male and Female College of Arcadia, La., by the name of Timothy Oscar Brown. In 1919 he accepted the principalship of the Ouachita Parish High School, and later became parish superintendent.

Few men had a keener vision than did Mr. Brown, President Thatcher said. Coming to Louisiana when the parish system was in its infancy, he realized the opportunities for service. He recognized the fact that he could become a positive factor in the molding of lives of young men and women. The record of the Ouachita Parish School system in efficiency and scholarship shows the spirit in which Mr. Brown accepted the challenge.

"But it is the intangibles that constitute his real contributions, the speaker explained. There is no measure for the inspiration he was to the youth and adults with whom he associated. There is no way to gauge the value of his advice to many who sought his counsel."

In some respects, the crowning achievement of Mr. Brown's career was the establishment of the Northeast Junior College. In such an institution, he reasoned, the high school graduate could remain at home and yet attend school. In this manner educational costs would be reduced to the minimum and hundreds would profit by college training.

"During the past half-century few men have made as permanent contributions to the educational progress of Louisiana as has Mr. Brown. It is we who are honored because of the privilege of having been allowed to follow his leadership. Nevertheless, it is fitting that the first structure of this college to be erected should bear the name of its architect."

Business Women's Week Is Observed

Dinner Party Is The Highlight Of The Week's Many Social Activities

With considerable pride we point to the business women of this community and especially that group known as members of the Business and Professional Women's Club who took time off last week to rededicate themselves to the job of citizenship which by the way, they take very seriously. Whether women like it or not it appears that, we, the weaker sex, are about to elect a president of the United States. For the first time in this country women of voting age, outnumber men of the same age by 600,000.

These hard working, well informed women, members of the Business and Professional Women's Club, donned evening clothes, tucked flowers in their hair and attended a dinner party in the butterfly room of the Frances hotel in celebration of National Business Women's Week. It was a most distinctive affair, with beautiful flowers, brilliant music, glowing addresses and excellent food, the outstanding features.

The harvest season was reflected in every detail of the table decor. Jack cats chased each other up and down the board and at either end shining jack-o-lanterns were imbedded in a mound of vivid red and yellow leaves, corn husks and fruits of the season. The place cards were jack cats with cards attached bearing the printed name. At vantage points were placed clusters of yellow chrysanthemums. Every detail was ever designed and executed by Miss Maible Hood, program chairman. Miss Hood, wearing a beautiful evening model of charrusee fashioned with a tight fitting bodice of lace and net, full skirt of charrusee net and with purple and charrusee ostrich in her hair, presided at the head of the table. She first introduced her guests, Mr. Sam Davis, and then introduced the club members. Each in turn introduced her "boss."

Miss Hood addressing the assemblage said: "The chief objective of Business Women's Week is to stimulate interest between federated clubs and other organizations and to stress the importance of voting intelligently. This is no ordinary year. With the approaching election, November 7, at which time a president of the United States will be elected and women will play a most important part in the election. This is the first time in history women will cast the majority of votes in a presidential election. Unless the women of America collectively and individually develop a sound, intelligent public opinion on world affairs there will be no end to wars and therefore no lasting peace. In these days and times when a new framework is being built of our civilization and the world is confronted with an abundance of proposals and theories for our approval, so as business and professional women we should meet the challenge and help make this a bigger and better world to live in."

Miss Hood introduced Mrs. A. M. Serex, who rendered two beautiful voice numbers and Miss Velma Nichols who played her piano accompaniment.

Mrs. J. George Valentine, formerly Miss Alyne Stone, daughter of Mr. and Mrs. E. O. Stone of Sterlington, whose marriage took place in Wichita Falls, Texas.

BRIDE OF RECENT DATE

Mrs. Guyton Palmer Stubbs Jr. Is Introduced At A Tea At Lotus Club

An afternoon tea at the Lotus Club, reminiscent of the days when life was lived on a more spacious scale than it is today, brought Monroe's social world out almost en masse on Thursday to meet a charming bride of recent date, Mrs. Guyton Palmer Stubbs Jr. Mrs. G. P. Stubbs was hostess at this time and was assisted in receiving by Mrs. S. E. Huey, Mrs. King Stubbs, and Mrs. Robert Lynch.

The Lotus club, scene in the past of so many lovely affairs, was in festive floral attire Thursday afternoon with rose colored dahlias and chrysanthemums predominating in the lounge where Mrs. Stubbs stood with her guest of honor to receive the guests who called between the hours of 4 and 5.

The mantel, banked with flowers with tall, slender tapers burning in their midst formed a most effective and colorful background for the members of the receiving party in their beautiful dinner models. Mrs. Stubbs wore a black silk jersey model with gold embroidery and the guest of honor wore a black lace and chiffon model. Mrs. Huey wore a crimson chiffon model and Mrs. Lynch wore a long black silk jersey skirt with aqua colored blouse. Mrs. King Stubbs wore a bouffant black taffeta skirt with azure blue bodice. All wore exquisite corsages of harmonizing colors.

Others extending courtesies in the reception hall, lounge and library were: Mrs. Thomas Munholland, Mrs. Douglas Parkes, Mrs. Elmer Slagle, Mrs. John Theus, Mrs. Ronald Lee Davis, Mrs. Harry Lemert, Mrs. Kenneth Bantfield, Mrs. Romaine Peters, Mrs. Victor Barringer, Mrs. J. Harvey Trousdale, Mrs. Gordon Wright, Mrs. Theodore Allen, Miss Emma Louise Biedenharn, Mrs. J. W. Williams.

The lace-covered tea table in the library reflected a bridal theme with an oblong plaque of white chrysanthemums and white carnations forming the central decor. Antique colonial silver candelabra supporting round white tapers graced the four corners. Handsome silver tea and coffee services, placed at either end of the table, were presided over by

10 a. m.—Junior College gym.
10:30 a. m.—Spotters Day meeting at Selman Field Officer's Club.
1:30 p. m.—Golf at Municipal golf course.
Thursday, October 19
9 a. m.—Bowling at Snappy Bowling Lane, 310 Walnut street.
Friday, October 20
2 p. m.—Ladies Day meeting at Selman Field Officer's Club.

Mrs. H. R. Speed, Mrs. Bruce Frizzell, Mrs. J. Q. Graves and Mrs. Henry Bernstein.

A variety of confections were passed on silver trays to the guests numbering three hundred or more.

The marriage of Captain and Mrs. Stubbs took place at St. Bartholomew's Episcopal Church, New York City, October 4. They are spending their honeymoon in this city and are being extensively entertained socially. Captain Stubbs recently returned from Italy where he was stationed for 18 months.

Of interest to a wide circle of friends was the marriage of Miss Pauline Detro, daughter of Mr. Oswald Detro of Delhi and Sgt. Edmond R. Travis, son of Mr. and Mrs. Walter Travis of Walden, La. The

Expecting a Baby?

Mother's Friend helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy. It helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use.

Mother's Friend
Highly praised by users, many doctors and nurses. Just ask any druggist for Mother's Friend—the skin lubricant. Try it tonight.

abstract laws because some person or group asks us to. Do all of us vote? We do not. There is the constant plea to register and many of us are dead to it. This failure to exercise the franchise is a national disease. And when we do vote, how do we do it? Mostly with our eyes closed. We vote here a straight Democratic ticket. We have no choice. But locally how do we do it? Do we use our own judgment or are we influenced by friend, husband or political propaganda?

We are guaranteed equal rights and privileges yet do we want those to all? What about the Negro not only as it pertains to his voting power, but as to his earning power, not all are supposed to be able to earn a living wage. As a matter of fact, economics if not of right we in the South have been blind to the effect of our paragon.

No line to be drawn because of religion and race, and yet in our daily life we do. We talk a lot about "All Out for Victory," yet many of us are what we called slackers in World War I. Now the peace looks before us. We know what happened in 1918-1919. Are we going to let it happen again? We also know of the inflation and the depression, what are we doing about that? Getting all we can while the getting is good. Black markets, we condemn and yet in small ways encourage them. Who wouldn't pay \$5 for nylon.

What are we doing about the returned soldier? Bonuses, employment, are being considered but how about the mother? Are we trying to find out what he will be like and what we should do to reconvert him? The pressure that face us then will far exceed those following World War I.

Juvenile delinquency. What about that? Are we thinking and doing enough? What of the next generation when this one is lax in morals and badly needing supervision and recreation. How can we do our part as citizens when we are so tired when night comes? When father devotes all his time to his business and mother works in a defense plant or at all sorts of war-time occupations? Are we companions to our children, guiding and counseling them? What about our social system? Do we know about our state's position in history and don't we resent the fact that we are near the bottom of the list? What about character building agencies? Red Cross, Boy Scouts, etc? Like many a religiousist we are church members but don't work very hard at it. The picture is not a pleasant one. Taking everything and giving little or nothing. What can we do about it? Do a lot of talking? No just do. Make every phase of our national life your business. Appreciate the rights and opportunities you have and realize that succeeding generations will also enjoy them.

We want America to remain American, and above all else we want those boys of ours to know that they have not suffered and died in vain. We want them to come back home, not to the same indifferent, easy going country, but to a better one, one in which each of us knows his duties, his blessings and wants them continued.

Ward Week

IS HERE AGAIN!

For years, Ward Week has been a tradition. Millions of American families have awaited its coming each Spring and Fall. Months ahead Montgomery Ward store managers in every part of the country planned together, bought together to make Ward Week a time of exceptional values. Then came the war... with its urgent call for materials and production. An event like Ward Week, with its huge assortments of civilian goods, seemed out of step with the nation's march toward victory. So, Ward Week was shelved... until now.

Today merchandise is still far from plentiful and we urge you to buy only what you need. But once again we can invite you to shop and save in Ward Week. In every department of our store, you will find timely values. See them all but, please, buy only the things you need and let your neighbors have their share.

WARD WEEK STARTS WEDNESDAY, OCTOBER 18th

Miss Anne Fulson Becomes The Bride Of Sergeant Edward Ewing Venable

Claiming interest today is the announcement by Mr. and Mrs. Charles Henry Fulson, of the marriage of their daughter, Anne Colette, to M/Sgt. Edward Ewing Venable, son of Mr. Charles Edward Venable and the late Mrs. Venable of Bragg City, Mo. The wedding took place Wednesday afternoon, October 4, at 5:30 o'clock at Grace Episcopal Church with Rev. Edward Farren Hayward officiating.

The altar was decorated with white flowers and greenery. Standards of white flowers against white candles added charm and beauty. A short program of pre-nuptial organ music was played by Mr. Lowry Jefferson. Miss Louise Smelser sang "At Dawning" and "Because." During the ceremony, Mr. Jefferson played softly, "I Love You Truly" and "Oh Perfect Love."

The bride, given in marriage by her father, wore a traditional white satin gown with long pointed sleeves and sweetheart neckline embroidered in dainty seed pearls and a finger tip veil of illusion sheered to clusters of orange blossoms at either side. She carried a white prayer book topped with orchids and showered with tube roses.

The maid-of-honor, Miss Ann Hayward, wore a robin-egg blue taffeta model with tight bodice and full skirt tiered with ruffles down and the back and small halo hat of the same material. She carried an old fashioned bouquet of pink and blue asters.

Mary Jo Davenport, flower girl, wore a powder blue net model. She carried a colonial bouquet of pink and blue asters.

The groom was attended by the bride's brother, A/S Beverly O. Fulson, who arrived earlier in the week from Bakersfield, Calif.

The reception was held in the home of Mr. and Mrs. Thomas W. Davenport. Mrs. Davenport, wearing a short black dinner dress and corsage of pink carnations, assisted the bride's mother, who wore a short black crepe dinner dress, trimmed in black sequins and a corsage of pink carnations.

The wedding cake, embossed with bride's roses and a pair of love-birds surmounted with fresh tube roses and satin ribbons, adorned the lace-covered table. It was cut by the bride and groom before they left on their honeymoon. Tall white tapers in silver candelabra decorated with satin bows burned at either end of the table. The punch bowl was presided over by Mrs. E. F. Hayward. Mrs. John Goodlett, Mrs. Robert Neiderkorn, Miss Kathleen Myers and Miss Floye Rhodes, in beautiful evening dresses, assisted in serving.

Sergeant and Mrs. Venable left for a short honeymoon in Arkansas and Missouri. The bride wore a three-piece model of green wool with black accessories and a corsage of orchids.

The bride graduated from Neville High School and Northeast Junior College and for the past two years has been employed at Selman Field. She is a member of Delta Beta Sigma Sorority.

The groom was born and reared in Little Rock, Ark. For the past thirty-two months he has been with the Army Air Forces in the Southwest Pacific area.

Children Awaiting Opening Of Clare Tree Major Season

Children of the Grammar Schools of Monroe and West Monroe are entering enthusiastically into the contest conducted by the sponsors of Clare Tree Major Plays on the subject Why I Want to See the Clare Tree Major Plays This Year. The principal of the Grammar Schools have received letters setting forth the manner of the contest.

A winning letter will be selected from each of the grades from the Third Grade through the seventh grade throughout the two cities, i.e., one third grader in Monroe or West Monroe will receive a complimentary season reserve seat, one Fourth grader, etc.

The letters are to be written by the pupils, with the name, grade, and school of writer on the letter. The letters must be in the office of Elizabeth Langford, 304 Bernhardt Building by 5 o'clock Friday, October 20.

Last year some splendid letters, some of them very original in content, were submitted. It is hoped that even more contestants will be heard from this year. The first play "The Prince's Secret" will be presented at the Neville High Auditorium on Tuesday, November 3, at 4 o'clock.

Lt. Russell Simpson Jr., who is enjoying a three weeks' leave of absence with his parents in this city, attended the World Series in St. Louis in company with fellow officers.

ENGAGEMENT ANNOUNCED

Miss Frances Smith, daughter of Mr. and Mrs. Frank T. Smith, whose engagement and approaching marriage to Lt. William S. Gannaway, son of Mr. and Mrs. R. H. Gannaway of this city, is formally announced today.

Books To Read Now

In order for the voter in November to be informed about issues, parties, and candidates, and in order that he may cast his vote without personal bias or prejudice, the public libraries in Monroe and West Monroe offer the following informative reading material in books and periodicals:

Books—"That Man in the White House," Frank Kingdon (a well-known radio commentator studies the vital issues at stake in the coming election); "Dewey: An American of This Century," Stanley Walker (a book which sketches Dewey's boyhood and school days but treats fully his gangster days and political career); "Mr. Roosevelt," Mackenzie Compton (an English novelist, who has steeped himself in the nine volumes of Mr. Roosevelt's papers and followed every angle of the president's career, presents a reading biography); "The American Way," F. D. Roosevelt (selections from public addresses and papers); "Rendezvous With Destiny," F. D. Roosevelt (addresses and opinions of the president); "What Manner of Man," N. F. Busch (character sketch of President Roosevelt, neither venomous nor admiring); "A Political Handbook for Women," Eve Garretts (interesting discussion of such fundamental issues as the two-party system, voting in primaries, the functions of Congress, and the state government).

Periodical material—"This Strange Campaign" by G. W. Johnson, New York Times Magazine (in which a political historian predicts a furious but indecisive contest); "The Truth About the PAC," by Sidney Hillman, New Republic (the chairman of the CIO-PAC tells the why and wherefore of these organizations); "The Negro Faces November," by E. A. Harris, New Republic (author summarizes the gains and grievances under the New Deal); "Polls, Propaganda and Politics" in the Nation Magazine (public opinion polls and their results); "The Next President?" in Time Magazine (traces Thomas Dewey's galloping rise from small town boy to racket-buster to governor, with emphasis on his gift for organization and his tough steadiness as leader); "Dewey: The Man in the Blue Serge Suit" by R. H. Rovere, Harper's Magazine (portrait of a pedestrian politician, who, though mentally alert and hard working, strikes the author as uninterested in ideas, an issue-dodger, and exceedingly ambitious); "F. D. R. in '44" by Bruce Bliven, New Republic (Mr. Bliven is one of the people Mr. Roosevelt pleases nearly all the time); "It's the Fourth Term That Divides Us" in Saturday Evening Post (a fourth term for Mr. Roosevelt would bring disunity and internal strife, according to this editorial); "Roosevelt: Democratic 'Must'" by R. L. Strout, Christian Science Monitor Weekly Magazine (the present incumbent in the White House, probably more than any other president, walks today with a sense of history);

"NATURAL LOOKING CURLS PERMANENT WAVE 59¢" Cherm-Kurl PERMANENT WAVE KIT

Safe for every type of hair. At any Department, Drug or 5 & 10 cent store.

Parker Memorial Class Has Meeting

The Parker Memorial Sunday School class of the First Methodist Church, met in the annex of the church Wednesday evening at 6:30 for supper, served by the hostesses: Mesdames Tony Veazey, chairman, Evelyn Atkinson, Helen Wallace, Gladys Doughty, May Snap, Sue Bedwell, Alene Russell and Miss Elizabeth Langford. Approximately 65 were present.

This was the first business and social beginning of the new year and a very unique program was conducted by Miss Elizabeth Langford. A candle lighting ceremony was held in connection with the explanation of the year's budget. The new treasurer, Sue Bedwell, explained the budget for the year, lighting the first candle, and was followed by the following, each lighting her candle and explaining the different activities in connection with the year's budget: Miss Julia Wosman explained about the little girl the class sends to McDonald School at Houma, La.

Also Ada Ubank told of the boy that is clothed at the Ruston Orphanage; Fay Heard, told of the general expenditures of the church school; Doll Ransom of the Sunshine committee; Blanche Doughty told of the fellowship committee; Evelyn Atkinson of world service; Addie Holloway of the building fund progress, and Berntha Harper, of miscellaneous expenditures. Then the entire group formed a circle of candle lights, taking the pledge at the same time. Several songs selections and sentences prayers closed the meeting with the new assistant to the pastor, Miss Lea Jones, directing this closing number.

Hurry Mother!

Use This Modern Way That Acts Promptly to Relieve COUGHING OF CHEST COLDS

PENETRATES to cold-congested upper bronchial tubes with its special medicinal vapors

STIMULATES chest and back surfaces like a warming, comforting poultice

How grateful you'll be, Mother, to see how wonderfully Vicks VapoRub relieves the mean coughing distress of chest colds, invites the restless sleep your child needs so much. Even as you rub it on, VapoRub starts right to work, to help ease fits of coughing, clear the head, relieve congestion and irritation in upper bronchial tubes, muscular soreness or tightness. VapoRub is modern—the external treatment most young mothers use these days. And it's so easy to apply—you just rub it on throat, chest and back at bedtime.

ONLY VAPORUB Gives You the special penetrating-stimulating action as illustrated. It's time-tested, home-proved, the best known VICKS home remedy for relieving miseries of children's colds.

Shops You Must Visit with Camille

THE LITTLE SOFT SUIT NOW REGARDED AS THE EPITOME of elegance is waiting for you at MOORE'S TAILORING SHOP. An expert fitter will take your measurements after you have selected the color of your suit from a wide range of blues and browns... violet, purple, grey, and of course the ever popular black. Suits have a tapered look which minimizes the waist. Revers that roll over and fold back are a very important detail. These balance a slim profile line and subtly flatter bust and hip curves. For the business woman or the woman who wants a classic man-tailored suit, gabardine or covert cloth is first choice. At MOORE'S you will find materials in a wide range of colors. Perhaps you would like a jacket of one color and skirt of another. Let MR. MOORE advise you on color combinations.

DON'T LET YOUR GUESTS SIT AROUND and twiddle their thumbs... serve them a glass of rare old wine when they drop in unexpectedly. Be prepared for the casual visitor by stocking up right now with wine from the A AND A PACKAGE SHOP. You can't have too much on hand... the older it gets the more potent it is. There's no way of measuring the deep and satisfying pleasure derived from the wine served with your dinner. The correct wine, according to MR. COREN at the A AND A PACKAGE SHOP is Port, Sweet Sherry, Sauterne, Madeira, White Port, Tokay Imperial, Claret. These wines and many others are on sale at this shop.

THE FERD LEVI MANAGER MENT remains undaunted and undismayed by wars or tyrannies... still they carry on and continue to supply their customers with the things they can't find elsewhere... shelves are being cleared for Christmas merchandise... big dolls are awaiting with outstretched arms for little girls to claim them... the proverbial wagon is there for that little boy who's toy soldiers are standing sturdily and stanchly awaiting Christmas morning. Ferd Levi of the children's best friend... he never lets them down when Christmas rolls around. And be sure to see the beautiful gift wrappings and stickers. Please, we beg of you, buy these things now.

THERE'S MAGIC IN THOSE LITTLE BLACK DRESSES FROM THE STYLE SHOP. There is a dress for all the glamorous nights ahead. They gleam with the sparkle of beads or sequins and complement you with bright touches of color. Don't let another day go by without a visit to THE STYLE SHOP where you will find the indispensable "little black dress" that fills so many needs. You'll find them in every price range. MEYER GLAZER told me that the black dress, even in this year of color, still plays an important part in the feminine wardrobe... its important role remains undiminished. If brown is your color ask to see the tailor and your coat just unpacked... it is stunning.

FINK THE TAILOR HAS GIVEN MILADY'S TAILORED SUE A new femininity of line and detail. Individuality and versatility features these suits cut from feather-soft materials in all the glamorous colors of the season. No need to establish an evening wardrobe... a perfect party dress. It is probably you will never find it... you will find what you want at FINK THE TAILOR. Materials are placed behind you and the pattern is selected and then your measurements are taken. Like magic the suit you have dreamed of possessing for years is ready for you. Tailored suits have been a favorite with women everywhere for years and years... but they have never before come in such handsome materials.

WHY NOT SWING ONE OF THOSE BEAUTIFUL BASKETS from the MEXI-CRAFT SHOP. You arm when you go shopping. Be the first to start the fall in Monroe... you are going to have to carry your own basket very soon so why not start now. At the MEXI-CRAFT SHOP you will find your self surrounded in a sea of colorful... fiesta colors worked into the most beautiful things imaginable. At this shop so very popular with the masses, you will find everything you need for your own home or for your own wardrobe. The MEXI-CRAFT SHOP is the place to go for the latest in Mexican costume jewelry found at the MEXI-CRAFT SHOP.

THIS IS THE TIME FOR EVERYONE WHO LOVES the sparkle of jewels to buy some really beautiful pieces at the R AND A JEWELRY COMPANY. I saw some stunning pure gold lapels... they sparkle like liquid fire and are matched by the most unusual companion earrings. Some exceptional values in antique jewelry can now be found at the R AND A. Pearl necklaces, deemed indispensable for the well dressed women, are found at this shop. The bride will find the loveliest gifts imaginable for her attendants at the R AND A. The bridegroom will find correct gifts for his groomsmen... the kind of gifts a man appreciates. Of course it is understood that the bride's engagement and wedding ring came from the R AND A... the name bears the utmost distinction.

NOW IS THE TIME FOR ALL GOOD WOMEN to come to the aid of their families with wholesome food from the CITY BAKERY, home of the famous MEL-O-TOAST BREAD. Really I'm quite serious in advising you to treat your family right... especially your growing children. Make a daily habit of selecting your baked goods every day at the old, reliable, bakery famed for its nutritious bread and wide variety of sweets... the pastries are exceptionally luscious. Now is the time to select your Christmas fruit cake from the CITY BAKERY... let the fruits permeate through and through in order to get the full flavor. Your cake will be fit for the gods if purchased now and allowed to "ripen." Remember the sweets that children crave come from the CITY BAKERY.

TRUST THE CASCADE TO BE THE FIRST TO SERVE those big drinks when the "first" is on the pumpkin... these cold, bracing nights when every one is filled with vim and vigor, jolly crowds gather at the CASCADE. In fact this popular night club is fairly bursting at the seams these nights... everyone on the outside seems to be bent on getting inside. And I wonder... a warm, good cheer music and song await them. It always has and it always will. Together, the club is not of necessity one that mediates, rather of cheer. HARRY STOUGH, host at the CASCADE, makes certain demands of his guests as they abide strictly by the rules and regulations.

YOU HAVE A BIG SURPRISE AWAITING YOU if you plan to remodel your home and fear the scarcity of this and that... just visit the MONROE BRICK AND BUILDERS SUPPLY CO. You will be amazed at the plentiful supply of things necessary to make your home the place you always dreamed of. For charm, distinction and protection, now's the time to improve the appearance and value of your home, the spot where life's happiest moments are spent. Your problem of remodeling will be as simple as a twist of the wrist if you consult the MONROE BRICK AND BUILDERS SUPPLY CO. From long experience they know precisely how to make your home a constant delight to you and the envy of your friends... obtaining the knowledge of someone who knows is so important.

THE FLOWERS YOU SEND FROM THE FLOWER SHOP to your beloved friend will express in language far more beautiful than words what is in your thoughts. Such a simple thing to step to the telephone and tell the expert florists what you want. Is stately their deft fingers are work and your floral offering carrying its message of love and sympathy. Somehow flowers from the FLOWER SHOP have a added fragrance, a certain something that makes them so beautiful. The shop itself... you have made a practice of going your order to the FLOWER SHOP. You will agree with me. When you spend your money, you want to feel sure that we are getting value received... we want the best our money can buy.

THE BRIGHTEST SPOT IN TOWN commencing today will be the JOY THEATER where our "JOY" picture will now be shown. The JOY THEATER has its lifted and will greet you with a smiling smile today when you a treat the gala performance, BATTING BEAUTY. When you settle down in your comfortable chair you will feel like shaking the hat of IRA PHILLIPS for making a evening of unalloyed pleasure possible. And by the way, aren't the seats at the JOY comfortable so often we hear such a volume from the patrons. MR. PHILLIPS the manager feels that he has mission to fulfill... to give the Monroe public the very best in moving picture industry has to offer. He has kept faith as you will note when you see the magnificent pictures to be shown hereafter. can't say, without fear of contradiction, that there will be few mer women or children who will fail to see "THE WHITE CLIFFS OF DOVER." They asked for it and now they are going to see it. So long... see you at our handsome new theater, THE JOY.

What do Wacs do in Army Hospitals?

"That's swell, Johnny! Now pull the thread through with your right hand." Wacs teach wounded men how to overcome handicaps.

"Yes, Johnny, it may be tough. But you can lick it!" Wacs trained as instructors in "educational reconditioning" will help him see it through.

U. S. ARMY HOSPITALS NEED 22,000 MEDICAL TECHNICIANS IN THE WAC!

Wacs are at work today in huge Army hospitals—a handful of gallant women giving invaluable help to Army doctors and nurses. Working with penicillin, blood plasma. Handling X-ray machines, helping in the surgeries, and in the wards. But thousands MORE women are needed to do these jobs. If you have ever dreamed of helping broken, bewildered men to regain strength and confidence and hope... Join the Army of the United States as a Medical Technician in the WAC.

If you are fully qualified to do any of the jobs listed below, you are assured assignment to an Army hospital after basic training. If you are inexperienced, and can pass required tests, you will be given free technical training for some selected job.

Laboratory Technicians
Dental Technicians
X-ray Technicians
Medical and Surgical Technicians
Psychiatric Social Workers and Psychiatric Assistants
Educational Reconditioning Personnel (Teachers)
Medical Stenographers
Occupational Therapists

For full information, about joining the Women's Army Corps as a Medical Technician, go to your nearest U. S. Army Recruiting Station. Or mail the coupon below.

U. S. ARMY RECRUITING STATION
POST OFFICE BUILDING
Monroe, La.

Please send me, without any obligation on my part, full information about serving as a Medical Technician in the WAC, telling about the job, the duties, the qualifications necessary, the technical training they receive, opportunities, etc.

Miss Steen Will Wed Captain Booth

Announcement Of Approaching Nuptial Event Is Of Interest To Many Friends

Eliciting interest today is the announcement made by Mr. and Mrs. E. M. Steen of the engagement and approaching marriage of their daughter, Dorothy Elaine, to Capt. Kenneth Edwin Booth, U. S. army air corps, son of Mr. and Mrs. Claude Booth of Indianapolis, Ind.

The wedding will be a prominent event taking place later in the month at Grace Episcopal Church.

The bride, a lovely member of the young set, is a graduate of the Nevada High School and Ward-Belmont College, Nashville, Tenn., where she was a member of the A. K. Club. She is also a member of Delta Beta Sigma and Lambda Sigma Chi.

Captain Booth has been stationed in Italy for the past five months and is now en route home.

The Officers' Wives' Club of Selman Field enjoyed their semi-monthly card party in the lounge of the Officer's Club last Friday afternoon. Mrs. W. H. Reid, president, presided during the brief business session and the general discussion following. Several changes in the policies of the club were discussed at this time.

Mrs. Reid reminded club members that the time is growing short for mailing Christmas packages overseas. The prizes for the afternoon were won by Mrs. George Fratcher, Mrs. C. R. Walshire, Mrs. D. A. Miller, Mrs. R. D. Garwood.

Hostesses for the occasion were Mrs. J. A. Foss, Mrs. F. O. Adams, Mrs. William Marr and Mrs. William H. Galloway.

Mrs. J. A. Wainwright has returned from an extended visit with her daughter, Mrs. Frank Shaw Jr., and Mr. Shaw at Winnfield.

Pfc. and Mrs. Fred Futch and little son of Greenville, Fla., are spending several days in their home in Farmerville.

Mr. and Mrs. N. B. James are spending several days in Hot Springs, Ark.

Miss Johnny Nell Kilpatrick has returned from a girls' camp in Virginia where she spent the summer.

Mr. and Mrs. H. E. Shirley of El Dorado spent Friday and Saturday here with Mrs. Shirley's parents, Mr. and Mrs. Monroe Tetterton.

Miss Billie Jean Taylor and Miss Darline Neal, students at Louisiana Tech, spent the week-end here with their parents, Mr. and Mrs. Broadus Taylor and Mr. and Mrs. Jones Neal.

Miss Hilda Fuller of Baton Rouge is spending the week with Mrs. F. W. Murphy.

Mrs. John Harston, who has been with her husband, stationed at San Francisco, Calif., has returned here to be with her parents, while her husband is at sea.

Mrs. John Miller Edwards and little daughter, Sue, have returned to their home at Shreveport after a visit here with Mr. and Mrs. G. M. Edwards and with Mr. and Mrs. Royce Bird at Marion.

Mrs. Rose Sanders and son, Dick, of Shreveport are spending the week in Farmerville with Mrs. L. H. Barnes.

Mrs. A. T. Nettles of Bastrop spent Sunday here with Mrs. R. E. Pace.

Mrs. Inez Stephenson has returned to her home in Shreveport after a visit here with her parents, Mr. and Mrs. W. A. Smith.

Miss Edith Gray Digby left Thursday for Baton Rouge, where she will resume her studies at L. S. U.

Mrs. Robert Lee Albritton and little son, Robert Lindsey, of Bernice spent Monday here with Mr. and Mrs. Robert Albritton.

Mrs. Corinne Dozier and little son of Delhi are the guests of her sister, Mrs. Stein Baughman.

Mr. and Mrs. C. R. Tidwell of Monroe were guests of their mother, Mrs. D. C. Tidwell, and sister, Mrs. Harry Preaus, Monday.

Mr. and Mrs. Harold Parks of Ringgold, Mr. Royce Boone of Woodworth, and Miss Jewel McCarthy of Castor were dinner guests of Mr. and Mrs. W. J. Turnage Jr., Sunday.

Club Woman Tells Of Trip To Cuba

The Mangham Literary Club met in the home of Mr. and Mrs. John F. Boughton, with Mrs. B. N. Boughton and Mrs. R. B. Boughton co-hostesses, Mrs. Robert Bell, president, presided during the business session. She read part of Mrs. Tiedale's message to the club women of Louisiana.

Miss Bessie Noble read the Club Collect, and introduced Mrs. Pinky Parham, the program leader. The roll was called and each member answered with the name of a Pan-American country.

Mrs. Adams gave a most interesting and most unique talk on "Cuba." She took her audience with her on an imaginary trip to Cuba. She said:

"We boarded the Clipper at Miami and were soon flying over the ocean. The water was a vivid blue. After a short time, we came into sight of the outline of the famous Morro Castle, later the beautiful waterfront with its red-tiled houses along the coast."

"I do believe that Havana is one of the noisiest cities I've ever seen. Yells from the lottery ticket agents, newsboys, and the constant toot of automobile horns, which they learned from the Americans. Most of Havana can be seen on foot, so after I had been to the hotel, I strolled along the streets, drinking native fruit juices and especially sugarcane juice extracted while you wait."

"I gazed with amazement on the capitol building, unsurpassed for beauty. The capitol was erected at the cost of 17 million dollars. The dome, which marks the zero kilometer of the central highway of Cuba, is a 24-karat diamond, valued at approximately \$16,000. The capitol's interior possesses some of the greatest works of Spanish art. The paneling

and furnishings are of Cuba mahogany, hand-carved and splendid. The ceilings are gold leaf."

After my visit to the capitol I saw many interesting places such as the beaches and night clubs. The night club entertainments are furnished by the Negroes who do the rumba, while you sip the famous Bacardi rum from the bar."

Miss Thelmerline Hones gave a most delightful history of "Cugat and His Work." She said in part:

"As you know, Xavier Cugat is the Rumba King of the day. He is as Spanish as an imported olive and will tell you, if you ask him, that he's one of the first men of the century because he was born a few minutes after midnight, January 1, 1900."

"Cugat was born in Barcelona, descendant of an old Spanish family. His parents decided that he would become the greatest concert violinist of our time. He was so good that Enrico Caruso, the world's greatest singer, hired him as a violin accompanist on his world concert tours."

"The Rumba King said that as soon as he saw he wasn't going to be the first, second, or third greatest concert violinist in the world he was very disappointed and proceeded to get a job on the Los Angeles Times. When the Los Angeles Times told him to be funny, and to be funny by the

next morning at 20 minutes to 11 wasn't good enough. So Cugat stopped cartooning and started a little band of six men. He had never been in a dance hall so they played only the rumba, and for over 12 years they have not changed their style."

At the conclusion of the program the hostesses served a salad course reflecting out a blue and white color scheme. On each plate was favored with a nosegay tied with red and blue ribbon.

Those present at this meeting were: Mrs. Mack Armstrong, Mrs. Bob Bell, Mrs. C. T. Blackwell, Miss Mary Elizabeth Boughton, Mrs. Cecil Burns, Mrs. F. A. Childress, Miss Ola Cooper, Miss Barbara Nan Corry, Miss Thelmerline Jones, Mrs. Theo Jones, Miss Mary Virginia McCannell, Miss Bessie Noble, Mrs. A. P. Parham, and the hostesses.

Ferriday Friends are glad to know that Mr. Morris Melz has returned from the St. Francis Sanitarium in Monroe, and is now at the King Hotel.

Mr. and Mrs. Sam Johnson in their attractive home "Penola" entertained Dr. and Mrs. H. H. Munroe, Mrs. Mary Harrison and Mr. G. P. Bullis with

a delicious luncheon Wednesday. The table adorned with a handsome lace cloth, with centerpiece of white roses arranged in beautiful crystal, formed an attractive setting for the beautifully appointed meal.

The 63rd Infantry division, "Blood and Fire," of Camp Van Dorn will present a variety review, "Khaki Kapers," which will be chuck full of fun, music and laughs, Friday evening, Sept. 15, 8:45 at the municipal auditorium in Natchez. The military maids of Natchez and Ferriday are sponsoring the show, and are selling tickets. The reserved seats will be \$1.00 and general admission 50 cents. The receipts of the show will be used for entertainment of soldiers.

Mr. and Mrs. Robert Cherry, Springfield, La., announce the arrival of a son. Mr. and Mrs. Cherry recently moved to Springfield from Ferriday. Mrs. Cherry will be remembered as one of Ferriday's former teachers, and Mr. Cherry, an employee of the Louisiana Light & Power Company.

Mrs. Pollard Coleman entertained the members of her circle in the Presbyterian Church in her home Wednesday afternoon. An unusually fine program was given by Mrs. W. B. French and Mrs. A. N. Smith. Mrs.

Coleman served the members delicious apple pie a la mode and iced coca colas.

The P-T-A. will hold their first meeting of the season with Mrs. J. H. Pankey, president, presiding. Monday afternoon at 3 p. m. at the high school. All parents are urged to be present.

The Military Maids of Ferriday will entertain 20 soldiers from the 130th Ordnance Maintenance Battalion of Camp Polk, La., Saturday evening and Sunday at "Cool Coosa."

On Monday afternoon the recreational committee met at the Methodist Church to discuss plans for supervised recreation in Ferriday. Up to the present time, no suitable building has been located to start the program. The committee agreed to try to locate equipment and building at an early date.

Tallulah Mr. and Mrs. J. W. Huckabay entertained recently with a delightful supper bridge. Mrs. W. H. Erickson and R. B. Spigener received prizes of hand-tooled leather for high score awards. The consolation prize was

awarded Mr. Erickson. The guests included Mr. and Mrs. R. R. Spigener, Mr. and Mrs. Buck Staples, Dr. and Mrs. J. Roy Medlin, Mr. and Mrs. L. Smith, Mr. and Mrs. W. H. Erickson.

Mr. and Mrs. J. B. Thompson and sons, Jimmy and Billy of Rayville, were recent guests of Mrs. A. B. Kelly. Miss Edna May Kelly accompanied them home, and after a short visit in Rayville, left for her home in Tyler, Texas.

Mrs. L. S. Gardner has announced the marriage of her daughter, Mary Maxine Cox to S/Sgt. Charles S. Edwards, son of Mr. and Mrs. C. F. Edwards, of Transylvania, Louisiana, on September 23, in Monroe, La. Mrs. Edwards is a graduate of the Tallulah High School, and attended Texas Christian University at Fort Worth. Sergeant Edwards is a graduate of the Lake Providence High School. He entered the army in 1942 and served for 2 1/2 years in North Africa and Italy. The couple are residing in Miami, where Sergeant Edwards is stationed.

Mrs. E. S. Dew has left to join her husband, Major Dew, in Los Angeles.

'Trees' Is Subject Of Wonderful Talk

Members Of Monroe Garden Club Enjoy Talk By Mrs. James A. Noe

"Only God can make a tree." These words brought to conclusion the wonderful talk on "Trees" delivered by Mrs. James A. Noe before members of the Monroe Garden Club in the home of Miss Emma Louise Biedenharn when they met in the flower-adorned drawing room of her home on Riverside for their regular monthly meeting.

"A tree that looks to God all day," effects dignity, majesty and strength, all of which Mrs. Noe endeavored to impress upon her audience when she talked about "Trees." She said in part: "When I was asked to talk before the Monroe Garden Club on the subject of trees, I thought that the subject was so big that surely it could not be dealt with in one afternoon, but decided that even though the time allotted was short it was better that we start on this great discussion, saying that in years to come that a community, a state and a nation would endeavor to see their beauty and use. Perhaps if we would copy three European countries who have for generations tried to preserve their forests, not only would we be economically much richer, we would be spiritually so. How many of us have

of 50 feet and an unbelievable circumference of 154 feet. This mighty tree, as you stand under its shadow, makes one feel indeed the magnitude and greatness of eternity. There are also the eucalyptus of Australia, the banyan of India; the mahogany and balsam of South and Central America that have added greatly to the building of two great continents. Lumbering should be dealt with as a separate topic, as lumber is grown all over the world, each tree according to its physical make-up, having a definite place to serve in mankind's building of civilization. When one stands before the crude log cabin of Abraham Lincoln, it makes us realize how vital wood was to the building of this nation, in the protection of man from the elements. Lumbering in these United States has been pictured in the movies and by renowned authors and we are proud that Louisiana produces more species of timber than any state in the Union. And to mention a few of the vast lumbering states, we would pay tribute to Maine, Florida, Michigan, Minnesota, Wisconsin, in fact, to every state, except those bordering on and in the desert regions, have given their due quota of timber to the vast mills over our country. We sincerely hope that the legislative powers of these lumbering states will never again permit the great forests to be cut down and the land left desolate, and that other trees are planted in their places, so that generations that follow us will be privileged to reap their glory and benefit.

In the planting of trees there are so many things to be considered—whether they have lateral or top roots, the height and general make-up of the tree at maturity, the direction of the sunrise and the sunset, the amount of shade required. In fact a tree should never be planted carelessly for there is a specific place for every tree that grows. Let us call to mind just a few of the trees that grow so beautifully and quickly in this rich and lush district we live in. The magnolia, pine, live oak, water oak, pecan, ash, gum, maples, hickory, persimmon and cypress into West Monroe, how refreshing to see an entirely different lot of trees that grow in the hilly sections that do not grow here on the east side. Follow the streams and perhaps not for the first time the glorious birch trees with their beautiful white trunks and particular shade of moss green leaves and hardly a tree whose smooth texture of bark has not invited the carving of hearts that testify to romances of long ago. As fall comes on and the trees are turning their gilds and crimson, the rides across the river are beautiful beyond description.

Sometimes we think of Johnny Apple Seed as being a legendary figure, but such is not the case. He was a man who pushed ahead of our frontier fathers, who founded this country, forever planting his apple seeds along back year after year to tend them, urging the pioneers to tend and plant more apple trees as he pushed further westward in civilization. He never asked anything of life but the privilege of planting these seeds. And Johnny Apple Seed, we will pause here to pay a tribute to you who so humbly and faithfully served our country of long ago. Perhaps, you did not look a heroic figure with your clothes made of animal skin and your bowstring crp, but to those of us who love and appreciate those things for which you stood, we shall be ever grateful to you.

In closing, I am sure most of you have been in the church yard of the Episcopal Church of St. Francisville, La. It was with great joy a few weeks back that I happened there just at twilight to watch the sunlight fall through the moss of these venerable live oaks in the grave stones, casting their shadows and lights. It brought me closer to the knowledge of a Divine Being and a realization that "Only God can make a tree."

of Northeast Junior College, will be the speaker. The meeting will be open to the public.

Friday, October 20
Mrs. Ira V. Bobo will entertain at dinner at the Frances Hotel for Miss Joe Eleanor Thompson.

Saturday, October 21
Miss Helen Benton and Mrs. Louis Peters will entertain at dinner for Miss Joe Eleanor Thompson and Mr. Jake Benton following their wedding rehearsal.

Sunday, October 22
Marriage of Miss Joe Eleanor Thompson and Mr. Jake Benton at First Baptist Church, 5 p. m. Reception at the Thompson home.

A wedding of interest to friends is that of Miss Alyne Stone, daughter of Mr. and Mrs. E. O. Stone of Sterlington and Jorge Valentine of Aquadilla, Porto Rico, which was solemnized on September 27 at Wichita Falls, Texas.

Mrs. Valentine was a member of Ouachita Parish High School Glee Club. She graduated with the class of '43 after which she entered B. M. I. Later she was associated with the government in Washington.

Mr. Valentine attended the University of Porto Rico, Columbia College and the University of St. Louis, where he received his B. S. degree. At present Mr. Valentine is flying instructor at Sheppard Field, Texas.

Mrs. Valentine is also employed at Sheppard Field.

After the war they will be stationed at Bagdad, Iraq, where Mr. Valentine will be manager of Bagdad Air Line.

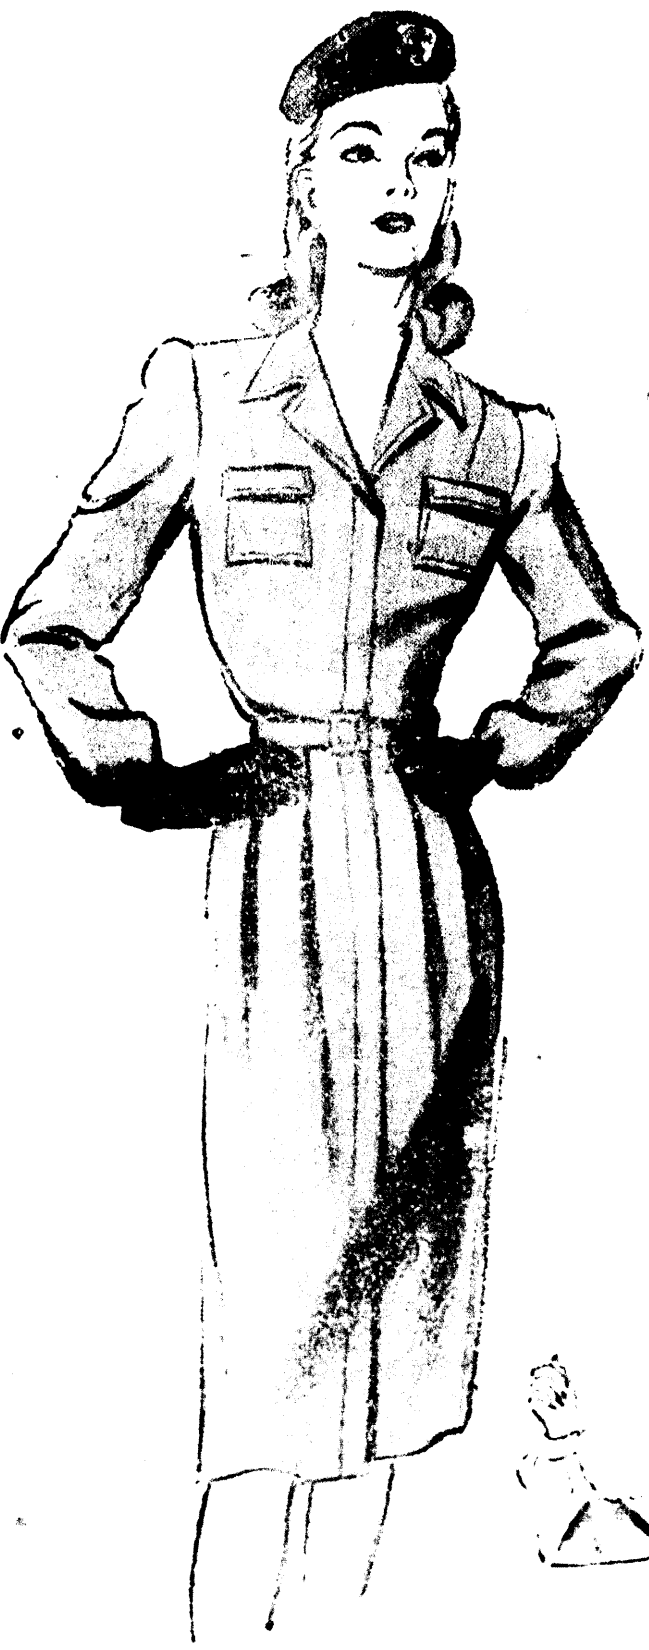

Miss Mary Clay, librarian of Northeast Junior College, L. S. U., attended a meeting of the American Library Association Council in Chicago October 12-14. She was the official representative of the junior college library section of which she is national secretary and chairman-elect.

A conference of the A. L. A. council for transaction of business relating to war and postwar problems, was combined with the regular fall executive meeting in Chicago. Three council sessions and three board meetings were included in the program in view of the critical transportation situation, attendance was limited to councilors and those representatives of boards, committees, divisions and other official groups having business transactions relating to war and postwar problems.

Miss Clay represented the junior college section at the meeting of the board of directors of the Association of College and Reference Libraries which met Thursday morning. She also attended a meeting of the A. C. R. L. committee on constitution and by-laws of which she has been a member for the past three years. On Saturday's schedule was a conference of officers of the junior college library section, with other representatives from New Hampshire and Minnesota, devoted to planning the work of the professional association for 1944-45. Saturday night Miss Clay attended a dinner of the Illinois Library School alumni.

HELP NEW SKIN FORM MOROLINE PETROLEUM JELLY 10¢ in place. Tame that unruly look. Add lustre. Keep hair well groomed with Moroline Hair Tonic. Large bottle 25¢. Sold everywhere.

Confusing—wasn't it?

NOW ALL AGENCIES UNITED INTO ONE BIG DRIVE....

UNITED WAR FUND AND TWIN CITY COMMUNITY CHEST

QUOTA \$78,000

Here's The Story....

Seventeen war agencies together with local community chest agencies are coming to you for funds . . . combined into ONE BIG DRIVE. There are many of these agencies; there had to be. In the past they all have come to you for money and your heart could say "no" to none . . . but it WAS confusing.

Now, in order to eliminate that confusion, a very sensible thing has been done. United War Relief Agencies have been combined into one campaign with our own Twin City Community Chest. You give to this unified fund and you have given to all. You give once, for all these!

The United War Fund is officially endorsed by the President. It has the backing of the Government as an improvement over the old confusing way of raising money. It permits you to budget your wartime giving more easily. It makes sense. That's why the two drives have been consolidated.

The money you will give will work around the world and at home . . . right in our own community. Ouachita Parish quota is \$78,000. Part of it will be used for the USO, War Prisoner's Aid, China Relief, Greek War Relief and all the others. Part of it will be retained to carry on the social services needed to keep Ouachita Parish at war healthy and efficient.

GIVE generously. Add up your total gifts . . . then DOUBLE IT. GIVE MANY TIMES MORE than last year . . . to COVER ALL AGENCIES that you have given to in the past. We have never failed before . . . WE WILL NOT FAIL THIS TIME.

**GIVE ONCE
FOR ALL THESE
DRIVE BEGINS
OCTOBER 18**

United War Fund Agencies Are:

USO, United Seaman's Service, War Prisoners Aid, Belgian War Relief Society, British War Relief Society, United China Relief, American Relief for Czechoslovakia, American Denmark Relief, Inc., American Relief for France, Inc., Greek War Relief Association, American Relief for Italy, United Lithuanian Relief Fund, Inc., Friends of Luxembourg, American Relief for Norway, Philippine War Relief, Inc., Polish War Relief, Queen Wilhelmina Fund, Russian War Relief, United Yugoslav Relief Fund, American Field Service, Refugee Relief Trustees and U. S. Committee for the Care of European Children.

Which Local Agencies Perform This Work?

Participating Agencies of the Community Chest Are As Follows: Boy Scouts, Girl Scouts, Maternity Clinic, P-T-A. Lunch Program, Salvation Army, Red Shield Boys' Club, Social Service Exchange, West Monroe Welfare Association, Y. W. C. A., and the Colored Community Welfare Association.

DICK TRACY

ALL WEEK, DICK TRACY HAS BEEN TRYING TO LEARN THE IDENTITY OF SNOWFLAKE, THE GIRL INVOLVED IN THE SHAKES - DOWN ATTEMPT ON RICH NAT BANKS.

YEAH, CHIEF, TRACY AND I SAW HER PICTURE ON A BILL BOARD - SO, SHE MUST HAVE BEEN A MODEL AT ONE TIME.

THROUGH HER PICTURE ON THE BILL BOARD, WE TRACED HER TO THE FAMOUS TOWERS MODEL AGENCY. TRACY'S OVER TALKING TO THE MANAGER, NOW TO GET A LINE ON HER REAL IDENTITY.

I LOCATED SOME OTHER CLOTHES FOR HER. MEANWHILE, I'LL KEEP THE WEDDING DRESS IN MY OFFICE.

HELLO. I BEG YOUR PARDON, SIR.

I WAS JUST GOING TO SAY I KNOW ALL THE POLICE TIMES, ABOUT FIFTY MILES SOUTH OF HERE.

AND THIS IS MR. PAPPY, FATHER OF THE AMNESIA VICTIM. HE SAW HER PICTURE IN THE CITY DAILY AND HE'S UP HERE TO HELP HER.

HAVE YOU ANY IDENTIFICATION I LEFT MR. PAPPY'S ALL ON YOU. MY BRIEF CASE IN THE CAR OVER IT.

WE'D LIKE TO TAKE A COUPLE OF PICTURES HOW ABOUT SETTING HER ON THE WINDOW SILL?

THAT'S GOOD. HOLD IT!

MOVING TO A SPOT BENEATH THE WINDOW, SHAKY REACHES UP.

YOU SEE, BABE, I HAD TO GET YOU BEFORE THAT DOPE WORE OFF AND YOU TALKED.

STAND RIGHT WHERE YOU ARE, COPPERS. THESE CAMERAS DON'T KID.

YES, MR. TRACY, HER NAME IS SNOWFLAKE FALLS. SHE MODELED FOR US UP TO ABOUT TWO YEARS AGO. THEN - JUST DISAPPEARED! RIGHT DRIFTED? ER - HAS SNOWFLAKE DRIFTED?

TERRY AND THE PIRATES

WOLFE

I'M DUNKAN - CORRESPONDENT...

COME IN, DUNKAN. I CAME TO CHECK IN, COLONEL...PERHAPS YOU HEARD OF THE B-25 FIGHT IN WHICH I TOOK OVER THE WAIST GUNS WHEN THE REGULAR GUNNER WAS WOUNDED...

YES, I HEARD PLENTY ABOUT IT! YOU KNOW OF COURSE, THAT IT IS NECESSARY FOR ME TO DEMAND YOUR CREDENTIALS AND ORDER YOU FROM THIS THEATRE OF OPERATIONS - SINCE YOU VIOLATED THE ARTICLES OF THE HAGUE CONVENTION RELATING TO NON-COMBATANTS TAKING UP ARMS?

I GUESS THAT'S THAT! - MAY I GO?

...SPEAKING UNOFFICIALLY - I WANT TO TELL YOU, DUNKAN, THAT EVERY MAN IN THIS OUTFIT IS PROUD OF YOU!

OH, HELLO, LEE!

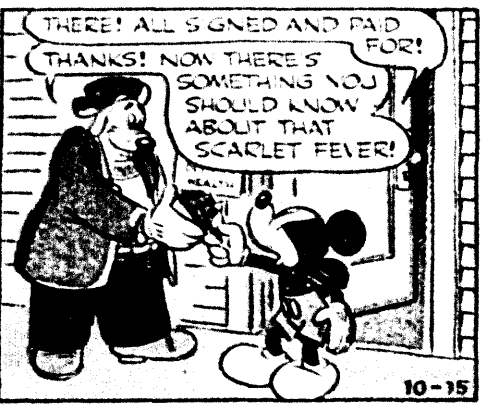

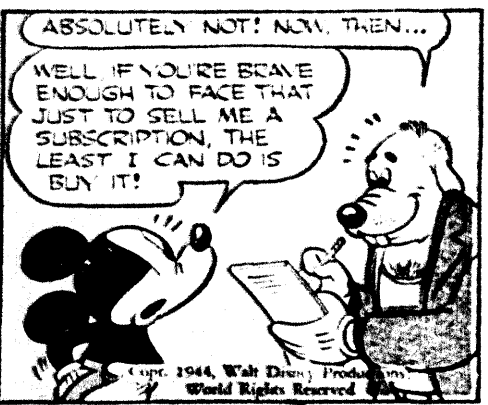

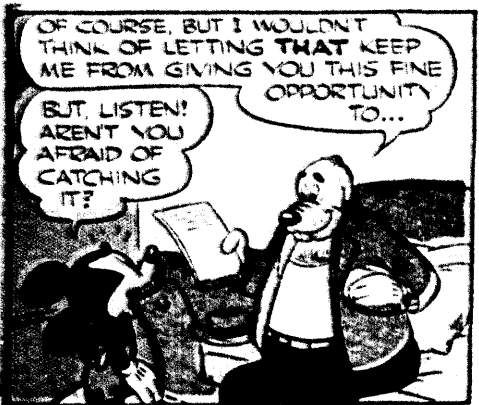

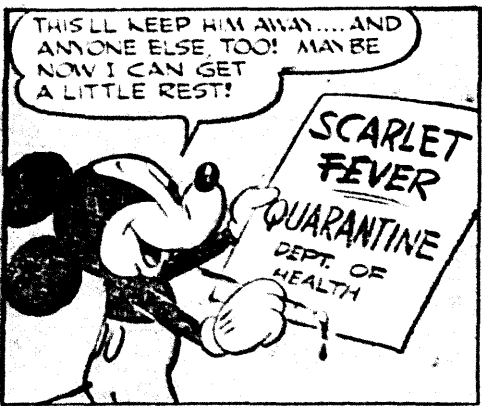

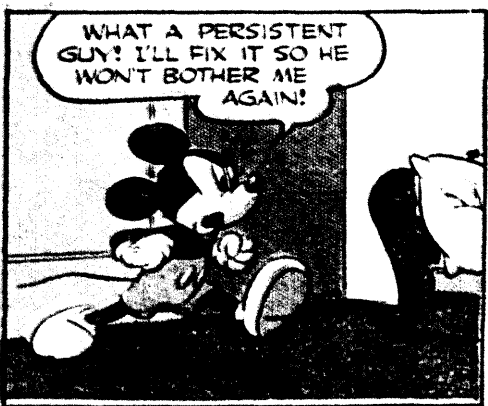

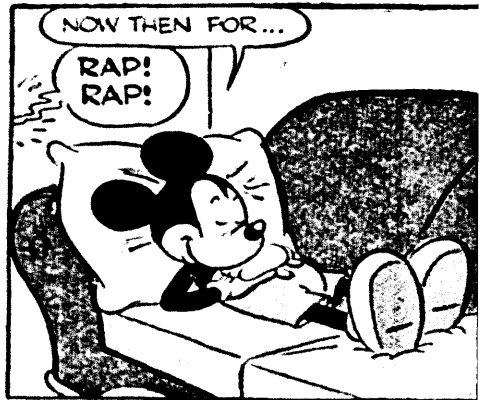

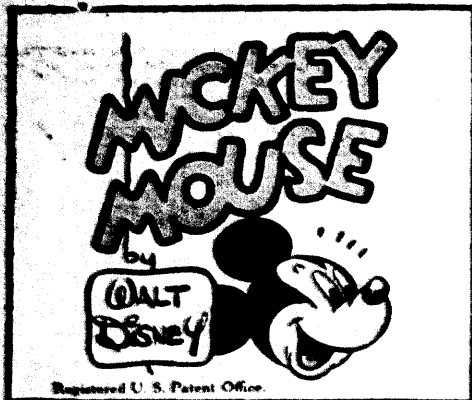

THE CREW OF THE OPAL 21 HEARD YOU WOULD BE SENT HOME FOR TAKING UP ARMS...SO ALL THE MEN SCRATCHED THEIR NAMES ON ONE OF THE EMPTIES FROM YOUR GUNS... IT'S A SORT OF SOUVENIR - WITH THE DATE AND ALL... SOMETHING TO REMEMBER US BY...

...AND, MR. DUNKAN, I DON'T WANT TO SOUND SLOPPY VERY GOOD AT - BUT I'M SORRY I GOT SORE AT YOU... I GUESS I THOUGHT OF GRATITUDE, BUT AFTER THE WAY YOU PITCHED IN DURING THAT FIGHT - I KNOW YOU UNDERSTAND US!

I'LL WRITE TO THE CREWMEN...AND MAYBE I CAN RECIPROCATATE FOR WHAT YOU JUST SAID BY DOING A LITTLE FAVOR FOR A FRIEND OF YOURS! WILL YOU DELIVER THIS?

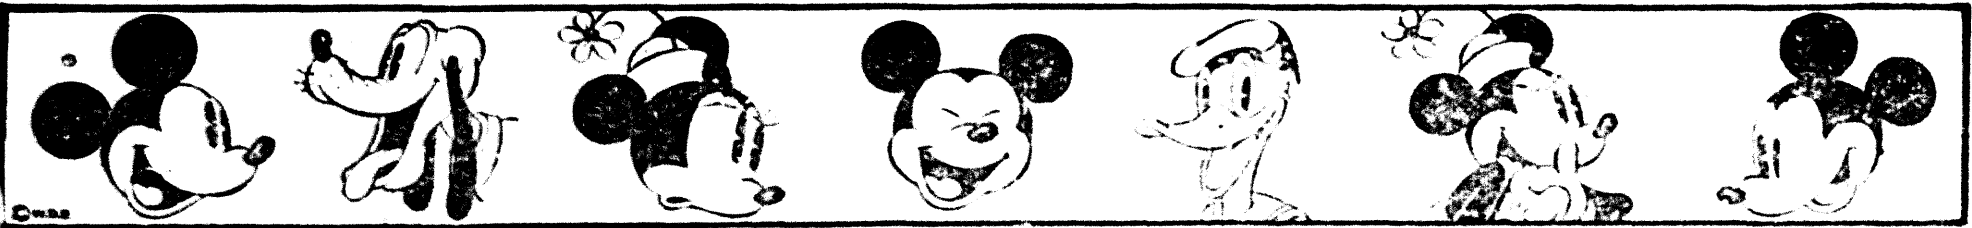

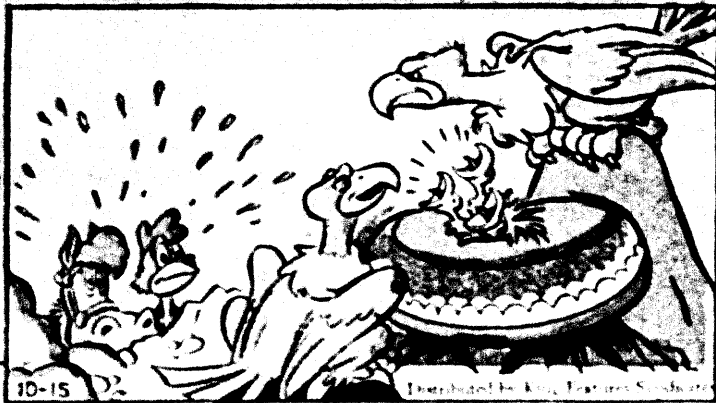

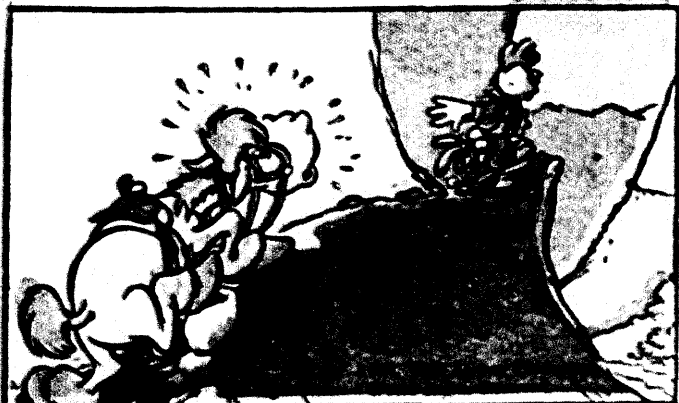

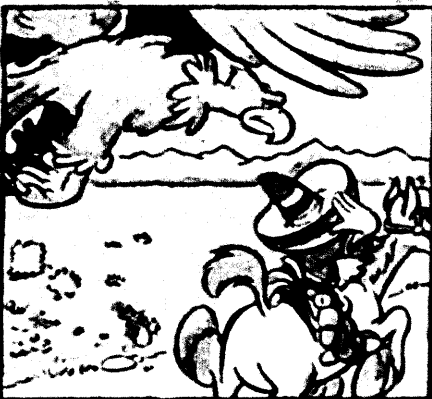

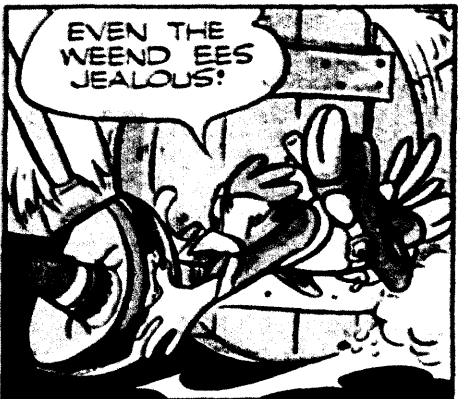

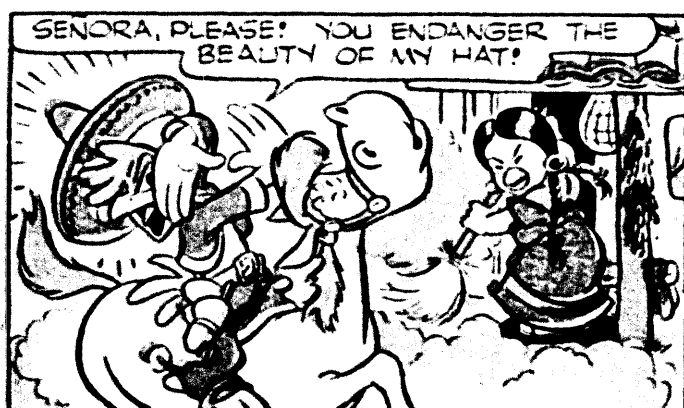

YOU'RE WONDERING HOW I KNEW HER NAME?...THAT'S QUITE A STORY - WHICH IS WHAT SHE'LL FIND IN THE ENVELOPE! THE CARBON COPY IS THERE TOO...TELL HER SHE'LL HAVE TO TAKE MY WORD THAT I ONLY MADE ONE... WELL, THEY'RE WARNING UP THE PLANE, I HAVE AN OUTCAST'S PROPERTY...MAYBE I'LL SEE YOU AFTER THE WAR...

I'M NOT SO VERY GOOD AT EXPRESSIONS OF GRATITUDE, LEE... I GUESS I'M A BIT OUT OF PRACTICE.

OUR BOARDING HOUSE

MAJOR HOOPLE

THE TRAMP STEAMER, UNABLE TO LET JOY AND HER SEARCH PARTY OFF AT THE BIG ISLAND BECAUSE OF SHALLOW REEFS, DEPOSITED THEM AND THEIR PLANE AT A NEARBY ISLAND THAT HAD A NATURAL HARBOR--

ALL ABOARD,
GANG! LET'S TAKE
OFF FOR TH' BIG ISLAND
ON OUR FIRST
SURVEY FLIGHT--

WELL,
THIS IS IT,
MEN--WHAT A
PEACEFUL LOOKIN'
JUNGLE--BUT YOU
CAN'T JUDGE A
BOOK BY IT'S
COVER--

-- LET'S PRAY
THAT OUR
ENGINES
NEVER DE-
CIDE TO GO
TO SLEEP
WHILE WE'RE
OVER THIS
PLACE--

UNDERNEATH THAT
IMPENETRABLE
WILDERNESS ARE ALL
KINDS OF WILD
ANIMALS AND
FEROCIOUS
SAVAGES--AND--

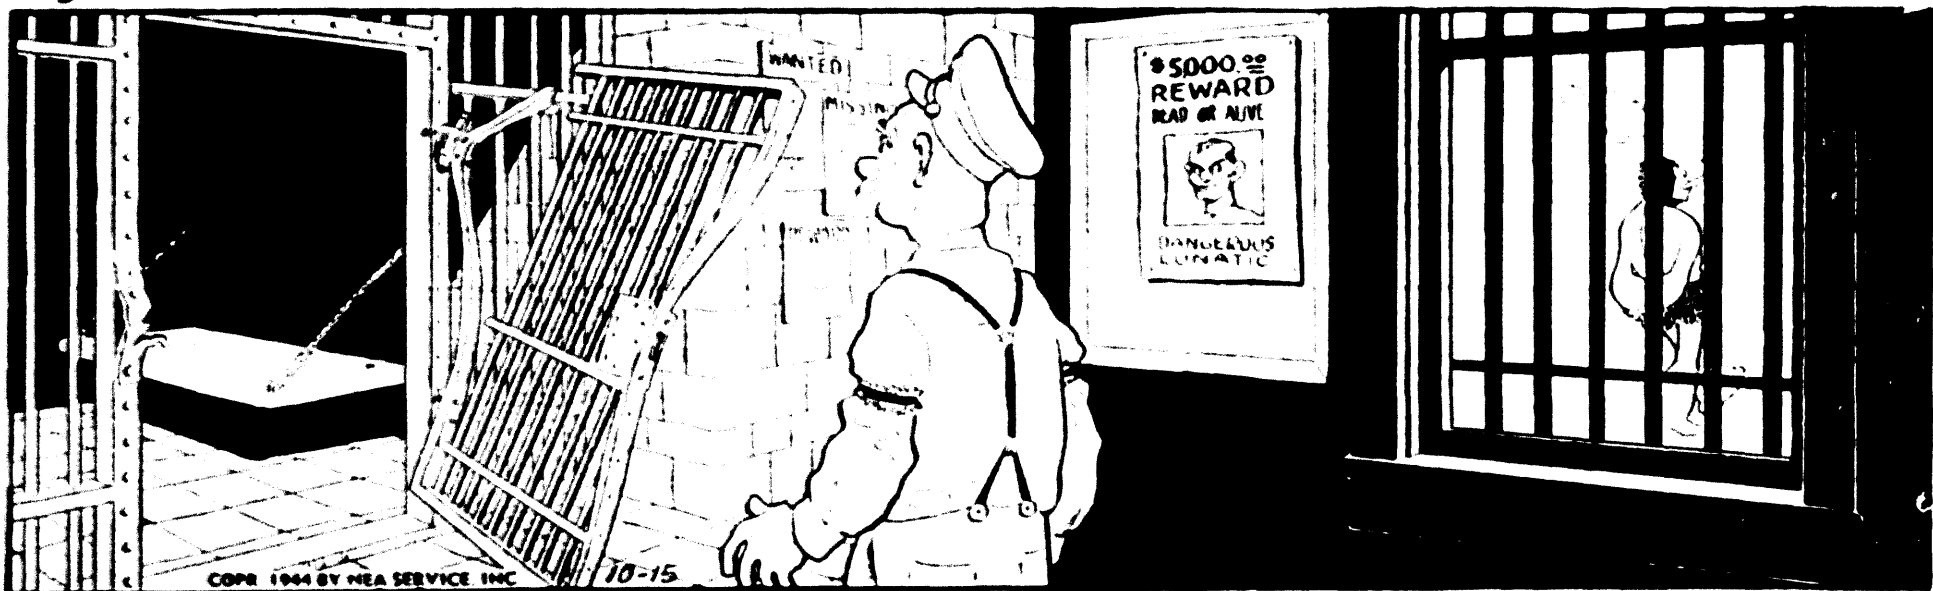

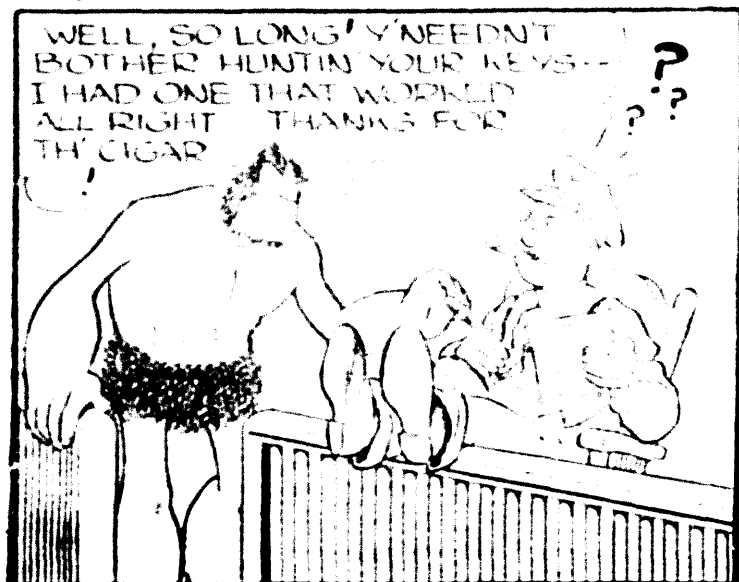

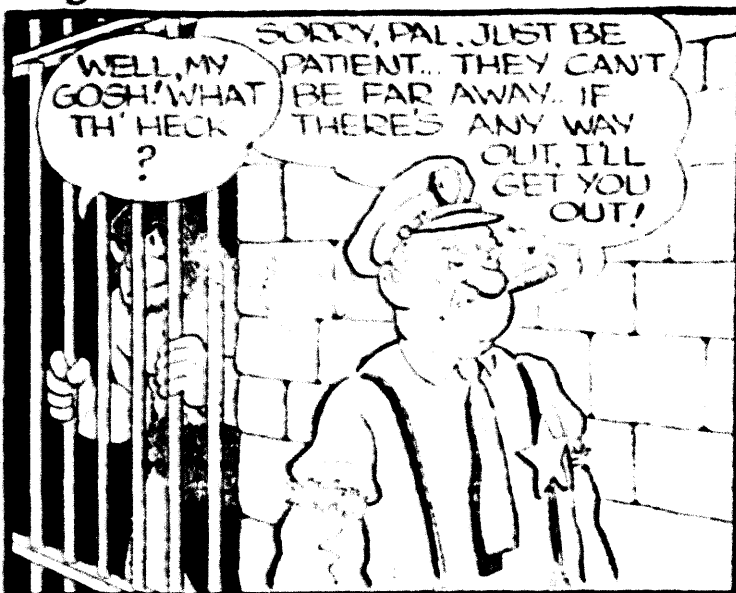

ACCORDING TO TH'
HAIRY-ONE, THIS IS
WHERE THE TRIBE
OF SAVAGES LIVES
THAT CAPTURED HIM
AND LI'L JUNGLE-
JOLLY

ONLY A MIRACLE
COULD HAVE SAVED
HIM AND, IF SO, WE
MIGHT BE FLYING
DIRECTLY ABOVE
MY BABY THIS
VERY INSTANT--

WHEN HAIRY
ESCAPED, THEY
WERE PREPARING
TO THROW MY
CHILD INTO A
CRATER AS A
SACRIFICE TO
APPEASE THE
WRATH OF
VOLCANO
GODS--

-- AND IF THE MIRACLE
DIDN'T HAPPEN-- WELL--
THERE IS TH' VOLCANO
CRATER!

CAPTAIN EASY

T. M. REG. U. S. PAT. OFF.

EASY AND HIS COMPANIONS AT LAST REACH A MARINE OUTPOST AFTER BEING STRANDED BEHIND JAP LINES...

I'M AFRAID YOU'RE STUCK HERE AWHILE, CAPTAIN EASY-- EVEN OUR SUPPLIES COME BY SEA DURING THE RAINY SEASON!

SERGT. STEVENS AND I CAN STAND IT, LIEUTENANT, BUT WHAT'LL WE DO WITH BWANA, THE NATIVE GIRL?

THERE'S A TRAIL ON HIGH GROUND TO A NATIVE VILLAGE NEAR HERE-- SHE'LL BE GLAD TO GET TO HER PEOPLE AGAIN!

GOOD! I'LL FIND BWANA AND TELL HER!

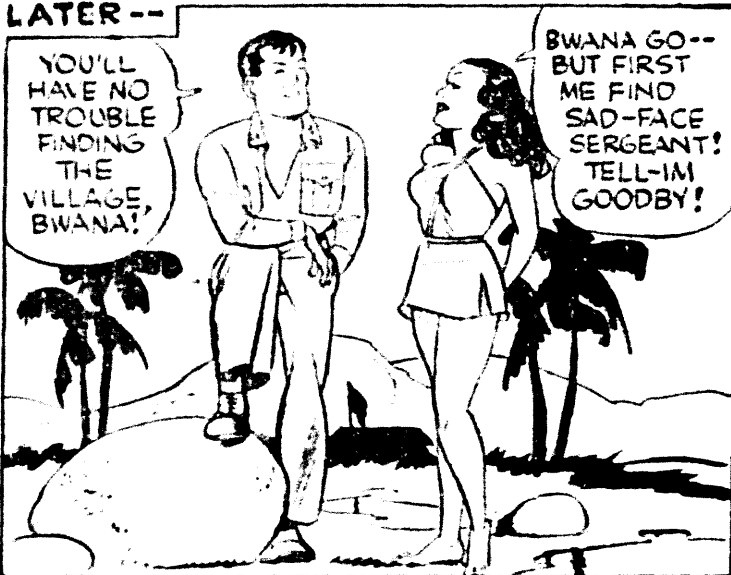

LATER--

YOU'LL HAVE NO TROUBLE FINDING THE VILLAGE, BWANA!

BWANA GO-- BUT FIRST ME FIND SAD-FACE SERGEANT! TELL-IM GOODBY!

... AND THERE WAS BWANA, SUR-ROUNDED BY JAPS! I TAKES MY GUN AND CHARGES AMONGST 'EM!

GOLLY, NEBRASKA! ALL ALONE?

ALL ALONE! CAPTAIN EASY WAS CAPTURING A JAP ARMORED TRAIN AT THE TIME--

HUMPH! SAD-FACE TALK TOO MUCH!

OH, HELLO, BWANA! I--UH--

BWANA GO BACK TO PEOPLE NOW! WANT-IM GOODBY PRESENT FROM SERGEANT SAD-FACE! GOT-IM KNIFE?

SURE! KEEP MY KNIFE TO REMEMBER ME BY, BWANA!

NOT WANT SOUVENIR! BWANA HUNGRY! WANT-IM SAD-FACE SANDWICH!

GOLLY! I PLUMB FORGOT SHE WAS A CANNIBAL!

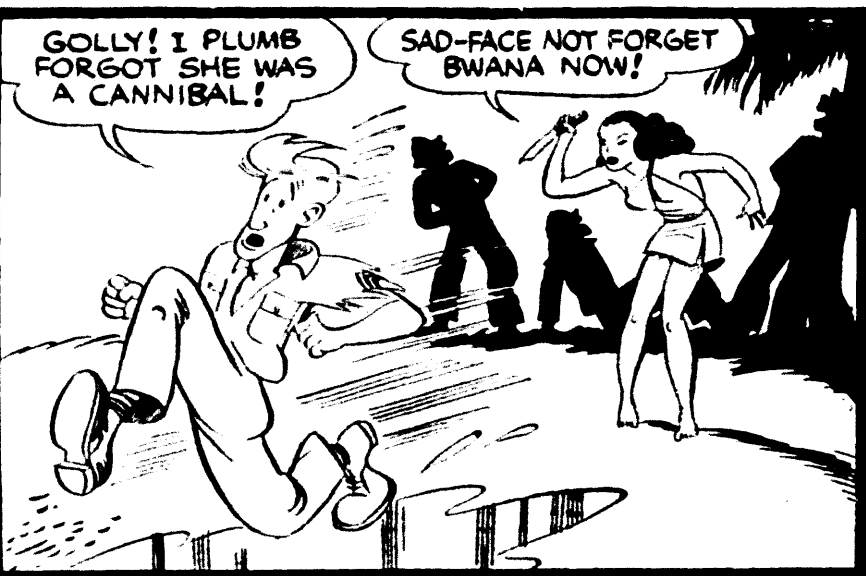

SAD-FACE NOT FORGET BWANA NOW!

HELLO, SERGEANT! DID BWANA SEE YOU BEFORE SHE LEFT?

I'LL SAY, CAPTAIN EASY! SHE SURE GAVE ME A SCARE!

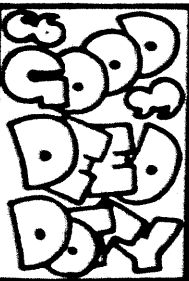

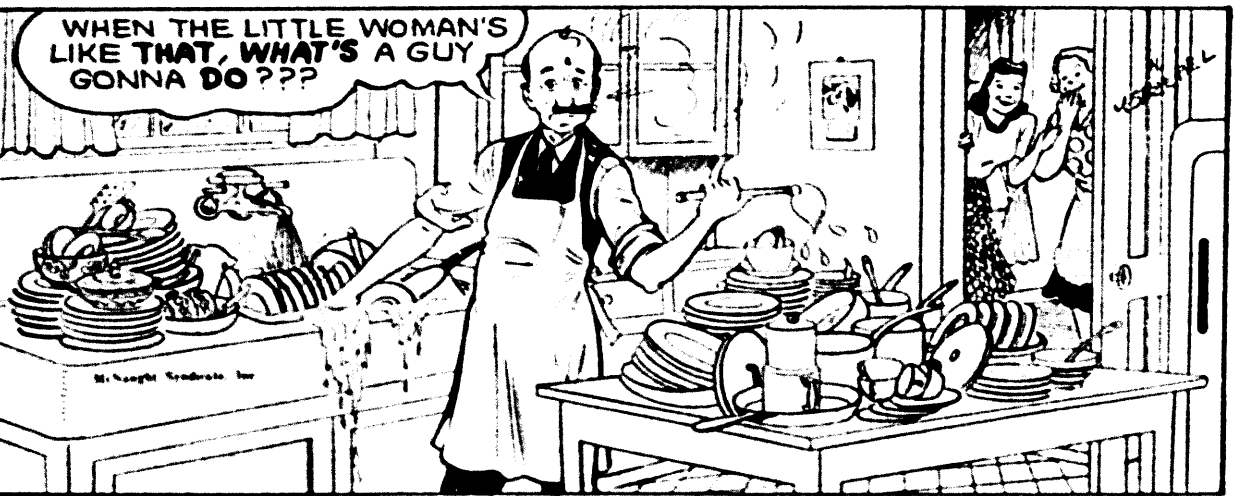

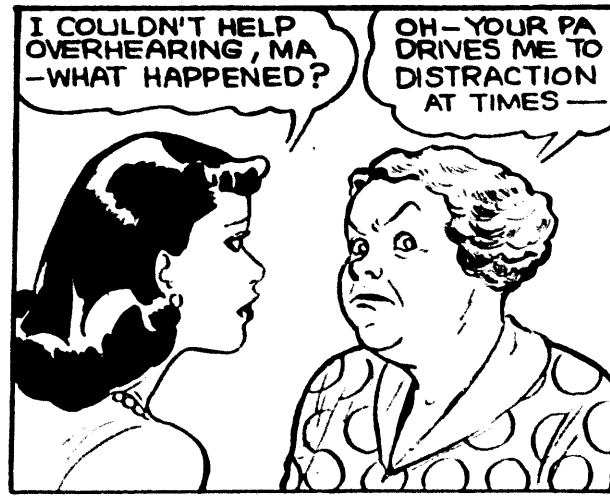

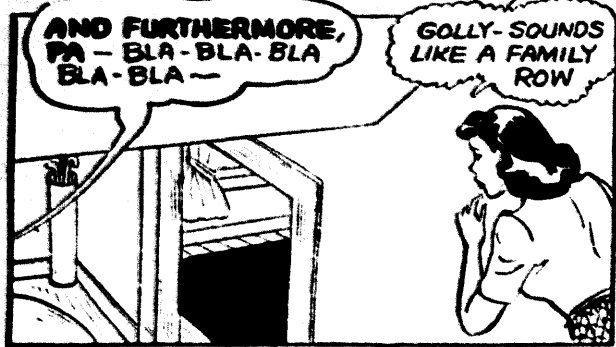

HOW'S THAT, SERGEANT?

I THOUGHT SHE WAS BEGINNIN' TO LIKE ME, SIR, BUT MY LUCK RAN OUT AT THE SAME TIME AS HER SELF CONTROL!
